

CONNECTED BY DESIGN

Consulting firm offering
full-service design solutions to
the telecommunications industry.

About Us.

SDG is a privately owned consulting firm offering full-service design solutions to the telecommunications industry. Synonymous to the ever expanding world of telecom, SDG offers a broad range of Turn-Key services including, but not limited to, site acquisition, engineering, construction management, and inspections. These disciplines can be provided as an individual service, a customizable package, or as a full-service turn-key suite. Our goal for each project, big or small, is to provide comprehensive, results-driven solutions.
