# Company Overview

**BDS Transport** specializes in the safe, precise transportation and setup of laboratory and sensitive equipment. We provide logistics solutions designed for environments where accuracy, care, and reliability are non-negotiable.

## WHITE GLOVE

Up to 6-man teams trained in specialty installations

## LIFTGATE CAPABILITY

Top of the line liftgates capable of handling up to 3,000 lbs

## CLIMATE-CONTROL

Adjustable, versatile climate control to maintain temperature & humidity of sensitive cargo

---

# What We Do

**BDS** provides specialized transportation and logistics services tailored to laboratory environments, healthcare facilities, research institutions, and technical operations. Our services span from dock-to-dock freight to full white-glove delivery and on-site setup.

We understand the unique challenges involved in transporting laboratory and sensitive equipment. Our team is trained to handle delicate, high-value items with the care, precision, and coordination they require.

Our clients trust **BDS** because we treat every shipment as mission-critical. We combine hands-on service, operational flexibility, and attention to detail to deliver consistent, dependable results.

## White Glove Service on a variety of equipment, such as:

- |                      |                          |                              |
|----------------------|--------------------------|------------------------------|
| → Biosafety Cabinets | → Freezers               | → Genexus Units              |
| → Incubators         | → Environmental Chambers | → Philips Ultrasound         |
| → Centrifuges        | → Shakers                | → Fisher Supply Center Units |
| → Refrigerators      | → Cryo-Storage Units     | → And More!                  |

---
