

LITTLE ROCKS DESIGN

THE ART OF THE OUTDOORS

littlerocksdesign.com

WELCOME TO LITTLE ROCKS COLLECTIONS! WE'RE SO GLAD YOU'RE HERE.

Inside, you'll find original designs across stickers, magnets, gift wrap and more — each one hand-drawn by Grace and rooted in a deep love of the outdoors. From wildflowers and wildlife to fishing trips and forest trails, every design celebrates the simple joy of being outside.

Grace, the artist behind Little Rocks Design, **hand-draws each design** with a deep love for nature and storytelling. Based in Minnesota, she brings real moments from parks, lakes, and rivers to life in every piece.

Our waterproof, durable stickers are made to stick with you — on water bottles, campers, canoes, and gear. They make perfect keepsakes for hikers, families, and nature lovers alike.

We're honored to share this collection with you.

From trail-ready stickers to cozy gift wrap, every item in the Little Rocks line is designed to bring the outdoors into everyday life.

ABOUT THE ARTIST

Meet Grace — the artist behind Little Rocks Design. She finds inspiration in the everyday magic of nature, whether she's hiking a quiet trail, casting a line into a still lake, reading by the campfire, or sketching scenes from her outdoor adventures.

Every design is a reflection of great living in the outdoors.
