

When transporting your little to and from preschool  
*please...*

- **Do not exceed 20 mph** when driving in the neighborhood.
- **Only park in the driveway or on the street directly outside my home.**
- Use the driveway to turn around when exiting. **Please do not use the culdesac to turn around.**
- Whenever possible your child's belongings will be ready by the door at pick up to help facilitate a quick and easy transition.

With your help, I know we will keep pick ups and drop offs running as smooth as a Chic-fil-a drive through!

***Thank you!***
