LIZARDS

Lizards > Agamids & Dragons

CB DUNNER Bearded Dragon

(*Pogona vitticeps*)

Most variations in bearded dragons are colour changes. The dunner is a scale change. Scales are more conical and longer. Their feet are also longer, giving the overall effect of a more rugged looking animal.

	PR Live plant. Star Flower Succulent (Medium) Code <u>PPL043M</u>	£7.99
	PR Live plant. Zebra Plant (Medium) A lovely, striking plant for the dry or scrub terrarium. Tolerant of a wide variety of moisture and light conditions the only things this species really doesn't like is very low light and a wet soil. It will tolerate drying out as it stores water in its leaves and roots so its great for direct planting into a dry or scrub terrarium as the soil does not have to be kept damp. Code <u>PPL034M</u>	£5.99
