## KINDERGARTEN SCHEDULE

<b>MONDAYS</b> <b>(9:00am - 11:00am)</b>	<b>WEDNESDAYS</b> <b>(9:00am - 11:00am)</b>	<b>FRIDAYS</b> <b>(TBD)</b>
Phonics/English/Language Arts Social Studies <b>(H. Pichler)</b>	Math Science <b>(H. Pichler)</b>	<i>Optional Storytime</i> <b>(H. Pichler)</b>

*The Kindergarten Program which is all-inclusive, meets on Mondays and Wednesdays from 9am to 11am both days. Monday classes will cover Phonics/English/Language Arts and Social Studies, and Wednesday classes will cover Math and Science. Fridays are an optional Storytime.*

In Language Arts, we will be developing phonics skills with Abeka's K5 Letters and Sounds. We will also explore literature through a variety of children's books and plant the seed for developing grammar and writing skills. Students will engage and experience math in a hands-on way utilizing manipulatives, games, stories, and experiments while following the Horizons Level K curriculum. Utilizing Abeka K5 Social Studies workbook students will learn interesting facts from different countries, meet children around the world, and understand the roles of different community helpers through engaging activities and projects. In Science students will learn about the world, weather, animals, plants, the human body, general science, and space with the Usborne Children's Encyclopedia. Further exploration of these topics will be provided through tutor provided worksheets, activities, experiments, and projects.

In addition to our class time, students will be assigned 1-2 assignments and/or readings per subject per week to be completed with the help of a parent. Grades will be provided and largely based on participation as the goal of this year is to spark interest and curiosity as well as encourage a love of learning.
