

# STAY PUT DRINK CUP™

## Specification Sheet

**Manufacturer:** Food Safety Innovation, LLC

**Dimensions:** 12" L x 5" W

**Materials:** 300 series stainless steel; vinyl

**Installation:** Wall Mounted

**Warewashing:** Manual and mechanical dishwasher safe

Consisting of one (1) BEVERAGE BRACKET™ and three (3) vinyl BEVERAGE BUDDY™ caps, the system is an effective way to manage employee drinks. Drinks won't travel (i.e., move) when they can't stand up!

### \*Simplifies Operations

Bracket mounts to walls away from prep surfaces, equipment and food.

3M double-sided adhesive mounting strips included.

Ideally installed above trash receptacles in prep areas, hallways or break rooms.

Beverage Bracket accommodates restaurant foam, plastic or paper drink cups.

Vinyl caps compatible with cup bottom diameters up to 2.5 inches.

### \*Reusable

Vinyl caps are dishwasher safe and temperature resistant to 300°F.

### \*Advances Food Safety Culture

Helps brands better manage employee drink cups.

Avoids health department drink cup violations.
