

2019 Byron Center Farmer's Market Map and Info

We want this market to be a fun, healthy, and safe place for people to gather and meet new friends. We offer a variety of locally-grown produce and products to all members of the community. We're here Saturdays 9am - 2pm from May 25 - Oct 12. Anyone is welcome to be a shopper or a vendor, please see the market manager for more information. To make the most of your experience, we recommend signing up for the Tanger Club to enjoy free coffee, bottled water, various store discounts and relax in their lounge.
