

VISION VOLLEYBALL CLUB

2024-25 SEASON

VISION VOLLEYBALL CLUB

Vision Volleyball Club trains young female athletes in the sport of volleyball through practice and competition, in a constructive and positive atmosphere. Coaching philosophy teaches discipline, commitment, responsibility, teamwork and self-pride. Vision sets a standard for junior club volleyball through its professionalism, values, and high standards of player development.

Travel Teams

Vision offers teams at age levels 18U - 11U. Teams are usually comprised of 12 players and are selected through the evaluation process at open gyms and tryouts. Vision teams compete with the goal of developing individual athletes' skills while maintaining a team goal of qualifying for, and successfully competing at the Junior National Championships. Teams play in the NCVA (Northern California Volleyball Association) sponsored Power League and in USA National Qualifier tournaments. For the 2024-25 season, Vision will field 17 Power league teams.

Time Commitment

The season officially begins in December and ends in early July (end of April for 18U teams). Practice will start in mid-December. Generally, practices are two to three times per week; twice during the week and once on the weekend.

Tournament play usually includes five weekends for NCVA league play, and three or four weekends for national tournaments. NCVA league tournaments are held throughout Northern California and may require a significant drive. The national tournaments take place in a variety of locations and each team's specific play is determined at the beginning of the season. These tournaments usually require travel on a Thursday afternoon or evening and play takes place from Friday through Sunday, or Saturday through Monday. In addition, each team will compete in an end-of-the-year tournament which is a one-week event at the end of June or early July.

Hudl Video Service – We will be setting up team accounts for all of our 18U-14U teams. Hudl allows players and coaches to study game film, share scout video and provides stats and video breakdowns for all matches. Players/parents are also able to create highlight videos with links to send to college coaches or share online. Players will also be able to link current high school accounts (if applicable) to create highlight videos that include clips from both school and club matches. Teams will be able to assign one parent to record video which can then be accessed by all parents and players. **There will be a \$90 per player fee, for this service.**

College Recruiting Coordinator - Oscar Crespo

Oscar provides a wealth of knowledge in recruiting, with over 25 years of experience coaching at the collegiate level. Prior to joining Vision, Oscar was most recently the Head Coach of the Women Volleyball Team at San Jose State University where he spent seven seasons.
