

VISION VOLLEYBALL CLUB

2025-26 SEASON

VISION VOLLEYBALL CLUB

Vision Volleyball Club trains young female athletes in the sport of volleyball through practice and competition, in a constructive and positive atmosphere. Coaching philosophy teaches discipline, commitment, responsibility, teamwork and self-pride. Vision sets a standard for junior club volleyball through its professionalism, values, and high standards of player development.

Travel Teams

Vision offers teams at age levels 18U - 10U. Teams are usually comprised of 12 players and are selected through the evaluation process at open gyms and tryouts. Vision teams compete with the goal of developing individual athletes' skills while maintaining a team goal of qualifying for, and successfully competing at the Junior National Championships. Teams play in the NCVA (Northern California Volleyball Association) sponsored Power League and in USA National Qualifier tournaments. For the 2025-26 season, Vision will field 20 Power league teams.

Time Commitment

The season officially begins in January and ends in early July (end of April for 18U teams). Generally, practices are two to three times per week; twice during the week and once on the weekend.

Tournament play usually includes five weekends for NCVA league play, and three or four weekends for national tournaments. NCVA league tournaments are held throughout Northern California and may require a significant drive. The national tournaments take place in a variety of locations and each team's specific play is determined at the beginning of the season. These tournaments usually require travel on a Thursday afternoon or evening and play takes place from Friday through Sunday, or Saturday through Monday. In addition, each team will compete in an end-of-the-year tournament which is a one-week event at the end of June or early July.

Players will also be able to link current high school accounts (if applicable) to create highlight videos that include clips from both school and club matches.
