

6/27/93

Thanks so much for the speedy service! The Vita-Flora got us the Classic Hybrid Fern win on Sat. — with a "Garden Party", of all things! — picked at high noon, full exhibition stage on Friday. It should never have lasted, but not 8:30 Sat. eve when we closed the show down, it still had a center!

I also had a chance this A.M. to try out the Vita-Planta, when my neighbor brought me some little Oregonio plants from her garden. They looked pretty sad, but I potted 'em up & doused 'em with Vita-Planta, and an hour later, they looked like nothing had ever happened to 'em.

Great Products!

Sincerely,
M.J. & Scott Bailey
