Jan

Dear Kay,

I just received my package of Vita Perma Lotion. I am so relieved to know that I can keep a good supply on hand through you, until our local wholesalers start carrying it.

Previous to using Vita Perma my hands were cracked wide open & bleeding in several places. Every movement of my hand was painful. My hands could never heal since I was constantly exposing them at work to whatever it was that I was allergic to. At one point I was wearing expensive surgical gloves that were hot & uncomfortable.

For the pc of the Lord is your strength.

Nehemiah 8:10

Then I started going to an
alternative medicine doctor for
help. At about the same time
I heard of your lotion & was
given a sample at a Floral
Trade Show. That's when my
hands started to heal.

The lotion is very soothing
& seems to protect my skin
from harsh chemicals.

I particularly appreciate its
natural ingredients.

Vita Derma Lotion was an
answer to prayer for me.

Sincerely,

Jim Astor
