President's Letter

Dear CMSA Members & friends,

As the end of 2022 approaches, I like to take an inventory of our annual accomplishments for the organization. In retrospect, we have moved from the many bleak months of COVID into a very successful and productive year. Our biggest accomplishment have been in the annual conference category. Our Board of Directors have worked so hard to produce two conferences in 2022. Our one-day spring conference and our most recent two-day fall conference were both well attended by our audience as well as our faithful sponsors and exhibitors. We look forward to hosting our next conference in November of 2023.

I want to take a moment to thank our board members for their diligent work in keeping this organization alive and thriving. Without our incredible board members, I am not sure where we would be as an organization. I would like to welcome our newest board members whose term began in November 2022, Kurt Ederer, Janet Fedor and Stephanie Rider. Welcome back and thank you for your support of CMSA-OK.

I also would be amiss if I did not take this opportunity to express my gratitude to our Executive Director, Wendy Gerdes. Wendy is the true backbone of our organization. She handles everything behind the scenes and keeps me on track. Our 2022 success is a direct result of Wendy's commitment to CMSA-OK. Wendy, I hope I remember to tell you every week how grateful I am for everything that you do for the organization. I CANNOT IMAGINE WHERE I WOULD BE WITHOUT YOU AS MY RIGHT HAND! Thank you for your dedication and service to CMSA-OK.

I would also like to thank the CMSA-OK membership. We appreciate your continued membership and support of the organization. We hope that you are pleased with what we have produced for you this year. I encourage each of to let a board member know what we can do as an organization to better serve your needs. We all work together to support case management and the incredibly important service you provide within our community.

On behalf of the CMSA-OK Board of Directors, our Executive Director and myself, we hope your holidays are exceptional. We hope that you spend time with those that you love and make the trip home safely. It has been our privilege to serve as the leadership of CMSA-OK in 2022 and we look forward to serving the organization in 2023.

Happy Holidays,

Robert Fuxa

ZOOM MOBILE MED IS AN OKLAHOMA WOMEN OWNED AND OPERATED MEDICAL SERVICE. ONE OWNER IS AN RN/NURSING DIRECTOR AND THE OTHER HAS A BACKGROUND WITH ACCOUNTING.

ZOOM MOBILE MED IS A COMPANY BORN OUT OF NECESSITY TO ACCOMMODATE ONE OF THE OWNER'S FAMILY MEMBERS WHO WAS AILING IN HEALTH OF CONGESTIVE HEART FAILURE, DIABETES AND THEN LEUKEMIA.

THE FAMILY MEMBER WAS IN NEED OF MANY LABS, CHECK-UPS AND EVEN HYDRATION AND THEN OXYGEN AND THEN END-OF-LIFE CARE BECAME IMMINENT.

THIS REQUIRED THE FAMILY TO SELF TRANSPORT THEIR LOVED ONE TO EACH APPOINTMENT FOR ROUTINE LAB, OFFICE VISITS, TESTING THAT WAS REQUIRED BY REFERRAL OR DOCTORS ORDERS. THIS BECAME INCREASINGLY DIFFICULT AND SCARY DUE TO POTENTIAL FOR FALLS AND INJURY.

IF ONLY WE COULD ASK HIS DOCTOR TO REFER A NURSE TO US FOR A HOUSE CALL AND ALSO DO THE LABS AND MORE?ZOOM MOBILE MED BECAME A REALITY.

THIS PATIENT PASSED BEFORE ZOOM COULD BE OF USE BUT AS WE ARE FINDING AND KNOW THERE ARE MANY OKLAHOMANS WHO NEED THESE SAME SERVICES.

WE OFFER WELL CARE VISITS, LABS, TESTING, IMMUNIZATIONS, IV HYDRATION, AS SOME OF OUR SERVICES TO THOSE IN PRIVATE HOMES AND ASSISTED LIVING CENTERS OR OTHER INDEPENDENT LIVING. WE EXTEND OUR SERVICES TO ONCOLOGY PATIENTS.

WE WORK WITH ALL PHYSICIAN REFERRALS. WE OFFER TELEMED VISITS. WE HAVE AN OKLAHOMA PHYSICIAN AS OUR MEDICAL DIRECTOR.

WE ARE A PRIVATE PAY SERVICE ONLY. WE WILL PROVIDE A RECEIPT OF SERVICE THAT CAN BE FILED WITH INSURANCE.

Dear CMSA-OK Members,

Thank you all so much for a fantastic year! It has been wonderful to see the membership in person after 2 years. The April Conference was wonderful, the June membership meeting was packed, and the November Conference brought back many faces and new ones that did not know the association existed! The exhibitors that support the CMSA-OK are outstanding, they decorated their booths to match the western theme, dressed the part and the dinosaur booths were DINO-mite to say the least. CMSA-OK knows that the Business Members, Partners, membership is what is the back bone to the association. We cannot survive with out all your time, ideas, and support through out the year. Attending the events, bringing acquaintances, co-workers, and friends helps CMSA-OK grow. Thank YOU!

The CMSA-OK Board goes through the surveys, asks the membership and the Business Partners for ideas, topics and speakers to engage you. We received many wonderful comments on the November Conference, that the education, the topics and selected speakers were amazing. That happens when our Board works together to and reaches out to the top professionals in Oklahoma. The doctors, health care professionals, & industry leaders are sought after due to the diligence of the CMSA-OK Board.

So when you are asked to fill out a survey, please do, we value and need your thoughts to become a better association. Only with your involvement does that happen. So, what are your thoughts for education for 2023? We are already thinking of the Education Luncheons (free to members), the Membership Meeting speaker/topics, and the November 2023 Conference. Send in your ideas, who would you like to hear speak, and what fun theme would you want?

Please check the website out for Business Partner information, event listings, the CMSA-OK Blog from our Business Partners and More! Are you our Facebook friend? LinkedIn? CMSA-OK shares CMSA information on our sites and more. Check them out today,

Looking forward to hearing from you! 2023 is only going to be bigger and better!

Thank you all and Merry Christmas!

Ask the Expert: Health & Wellness

Brandon Johnson, M.D.

*Board-Certified Orthopedic Surgeon,
Founder of The Hip Clinic*

Dr. Brandon Johnson is a board-certified orthopedic surgeon and founder of The Hip Clinic – a facility specializing in arthroscopic hip surgery. An Oklahoma native, Johnson graduated from the University of Oklahoma College of Medicine and pursued specialty arthroscopic training at The Santa Monica Orthopedic Group. Johnson established The Hip Clinic in 2017 and has performed more than 2,000 hip procedures since starting his practice in 2014.

What is the main purpose of The Hip Clinic?

The mission of The Hip Clinic is to preserve the hip joint through proper diagnosis and treatment. One of the common misconceptions I hear from patients is the assumption that hip surgery is hip replacement. Our entire practice is based on minimally-invasive arthroscopic out-patient procedures to preserve the hip joint, rather than to replace. Hip arthroscopy is an outpatient procedure in which a camera is utilized along with small instruments to repair the hip joint.

Why did you specialize in hip arthroscopy?

I'm from the metro area and, following my residency, I saw there was a need for metro patients to have the option for hip preservation rather than the only option being hip replacement surgery. I was interested in emerging new technology, so I pursued additional training in Los Angeles to provide metro patients options other than hip replacement.

Who are the common patients and what are their usual ailments?

My patients' ages range anywhere from 12 to 80. The most common complaints are groin pain with sitting or persistent tenderness and pain on the outside of the hip. Unfortunately, nearly all my patients have been told they have arthritis or need a hip replacement, or they have simply been told nothing is wrong. The truth is they haven't seen a qualified hip specialist to give them the proper diagnosis.

What separates The Hip Clinic from other clinics?

What makes The Hip Clinic different is the expertise we provide for our patients. I am the only Oklahoma surgeon who is a member of the International Society of Hip Arthroscopy, known as ISHA. To be a member of ISHA, not only must you have extensive arthroscopic hip training, but you must demonstrate expertise in practice. With the clinic only focusing on hip preservation, the staff also has extensive experience in caring for the thousands of hip patients that have been successfully treated through the clinic. One of the primary factors that affects outcome is a surgeon's experience and I, along with my staff, have extensive experience in treating thousands of patients.

SENIOR **Helpers** LIFE PROFILE

BETTER ASSESSMENT. BETTER CARE PLAN. BETTER OUTCOME.

Senior Helpers is the only in-home care company combining technology with compassionate care to develop the most accurate, thorough, and comprehensive care plan available.

Based on over 20 years of research into the most common reasons seniors experience falls, injuries, and rehospitalizations, our LIFE Profile™ assessment is a crucial tool in helping loved ones age safely and successfully at home.

Life Profile Assessment Areas:

- **Independence**
Ability to perform daily activities
- **Burden of Care**
Access to resources from family, caregivers, and the community
- **Safety Risks**
Assessing areas of concern around the home
- **Quality of Life**
Enjoyment of social interaction and leisure activities
- **Medical Condition Management**
Monitoring medical conditions and medication

Combined with our proven in-home care programs such as **Staying Home Safe™** (post-acute or post-rehab recovery care specifically designed to help prevent readmission), industry-leading Alzheimer's, dementia, and Parkinson's care, and trained caregivers, Senior Helpers LIFE Profile™ is leading the way to better outcomes for our clients.

As a Case Manager, we understand that the referrals you make are very important to you (more than just a job).

WE ARE DIFFERENT BY DESIGN

Amada Senior Care Oklahoma is YOUR one-call partner for all of your referral needs (Home Care, senior housing guidance, funding resources, very low readmission rates). As YOUR one-call referral partner, our goal is to relieve you of as much of the work-load as possible and be the trusted resource that you and your patients can rely on during this often challenging time in their lives. We understand that time is of the essence for you, your patients, and their loved ones.

Amada Senior Care Oklahoma is 100% Oklahoma owned, Veteran owned, and Family owned. We are committed to our client's physical, mental, and emotional well being.

AMADA IS A TRUSTED PARTNER

Ask these four questions

1. Do you have Long-Term Care Insurance
2. Are you a Veteran or surviving spouse of a Veteran
3. Do you own your home
4. Do you own a life insurance policy

If they answer yes to any of these questions, refer them to our Certified Senior Advisor (specialist in aging).
