

Greetings CMSA-OK Members, Vendors and Sponsors,

The New Year has started with a trend I was hoping we could avoid...rising COVID numbers in our state and nation. Thus far, in 2022, we have become very familiar with the delta and the omicron variants. Though these variants seem to be more contagious, the symptoms and side effects appear to be less severe than the original mutation. As a result, we are seeing the world come back to life for the most part. Though we must take more precautions, we are seeing the return of travel with the United States and internationally. We are able to dine out, go to the movies and see the return of congregations to our chapels and churches. I personally am glad to again see my friends and colleagues and I look forward to seeing each of you. Hopefully our lives will continue to improve as we return from the new normal as we know it.

One area of great concern for many of you has been continuing education and the hours required for your licenses and certifications. We are very happy to announce that we will be holding a one-day CMSA-OK conference on April 7th 2022. "CASE MANAGEMENT ROUND-UP" will offer 7 hours of continuing education at the newly remodeled Embassy Suites on Northwest Expressway. CEUs will be available for Case Managers, Social Workers, Nurses AND Administrators We will also be hosting our annual Fall Conference in November including our afternoon ethics workshop. Of course, your safety will always be our main concern so we will be taking the precautions necessary to make a safe transition back into our education patterns and events.

This summer we will be hosting a couple of special education events. An exciting new event will be the CCM Workshop and prep course. We will be working directly with the Commission for Case Management Certification. The workshop will help prepare Case Managers for the exam that certifies Case Managers, giving them the credentials to show that they have the knowledge, expertise, and professional experience to provide services to patients. Our new Vice President, Debbie Moffett will be heading up the planning of this summer workshop. We will have more information in the near future and will keep everyone apprised of our progress.

With the New Year comes the time to renew memberships. Please look and see when your renewal period is. We value you as a member and look forward to a long healthy partnership.

Speaking of partners, I would be amiss if I did not take a moment to thank all of our vendors and sponsors. We are so fortunate to have strong support from our community. Please check out the Professional Listing at the back of the newsletter and support those who support CMSA and you. Together we can grow, educate and provide information about new doctors, products and services to help everyone in the health care profession.

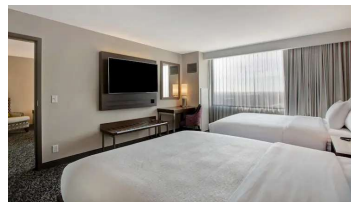

In closing, I hope that 2022 will bring us all good health and happiness.

Robert Fuxa

Foot & Ankle Surgery

PAUL KAMMERLOCHER, MD, LAURA LUICK, MD, SHERI SMITH, MD

Foot injuries can be debilitating. Many people live with the pain and restricted movement until it begins to impact their quality of life. But your injury doesn't have to keep you on life's sidelines. The fully trained orthopedic surgeons at OK Foot MD utilize new technology, treatment and advanced care to get patients back on their feet in no time at all.

"When you experience foot pain, it's hard to stay focused on your day-to-day life," said Paul Kammerlocher, M.D. "When that happens, it's natural that you may feel worried, anxious or concerned. We're here to help alleviate your pain and anxiety."

With over 35 years of combined experience, Dr. Kammerlocher, along with Laura Luick, M.D. and Sheri Smith, M.D. at OK Foot MD are Oklahoma's premier foot and ankle specialists. Their extensive orthopedic training and specialization goes beyond that of a typical podiatrist, allowing them to diagnose and treat many issues, including foot and ankle fractures, tendonitis, arthritis, sports injuries, heel pain, bunions, foot deformities, undiagnosed pain and more.

The practice is growing and able to see patients quickly with clinics on both sides of the metro and doctors available in the clinics every day. The north office is located in the HPI Mediplex at 9800 Broadway Extension, Suite 201, and the south location is at 3115 SW 89th Street.

"We are proud of our established roots in the community and our reputation for excellence," said Dr. Luick. "We enjoy making a difference in the lives of our patients by decreasing their pain and increasing their function so they can resume living life to the fullest."

If you're experiencing pain or discomfort, don't wait to take action. Call 405-286-STEP (7837) to schedule an appointment with the experienced team at OK Foot MD today.

**She doesn't know how
her mom got better.**

She just knows she's back.

There's nothing "ancillary" about helping people get back to their work and life. It's personal. Behind every claim is a person who just wants to be there for those they love. **That's why we do what we do.**

3:30 pm - “Wound Care and the Covid Rash” – Kari Harmon, RN

4:30 pm – Robert Fuxa CMSA-OK President – Conference Wrap up and prizes

Howdy CMSA-OK Partners,

2022 is here and we are ready to round everyone up and have a great year! CMSA-OK misses seeing all of your bright faces at the educational luncheons, membership meetings and our annual conference. The April 7th Conference is coming up fast and we know you are going to be excited to attend.

The Education Committee has worked hard to bring you the topics and speakers you are interested in. Check out the agenda and make sure you respond when the registration comes to you. We will post on our Facebook, LinkedIn page and in emails how to make sure your SPOT is reserved.

There will be outstanding exhibitors for you to see and talk with, networking opportunities and so much at the conference. We have several new companies joining CMSA-OK this year already.

Please check out the Professional Listing in the back of the newsletter and support those who support us. Together we can grow, educate, bring awareness of new doctors, products and services to help everyone in the health care profession.

CMSA-OK is working on a Membership Meeting and we will be having a CCM Workshop for the first time on OKC. Stay tuned for details for dates, locations, & times. CMSA-OK is looking forward to working together again bringing the membership the benefits and value you want.

Please call or contact the CMSA-OK if you have any questions, concerns or just want to let us know topics & speakers for the November Conference!

Thank you all so much.

Making Sense of Senior Care Options Since 2014

Are you confused and overwhelmed by senior care options? Don't know where to start in seeking residential senior care? Wondering about the different types of care and the cost? **Senior Care Referral Services of Oklahoma** can help!

Rick & Denise Guttenberger established Senior Care Referral Services to help families navigate the often complex network of senior care options available in the greater Oklahoma City area. At **no cost to families**, the Guttenbergers help those considering independent living, assisted living, memory care, long term care or home health care find the best solution for their specific situation.

Senior Care Referral Services of Oklahoma helps families answer these questions:

- **Where do I even begin?**
- **What is the difference between independent living, assisted living, memory care and long term care?**
- **How much does all of this cost?**
- **Is there financial help for veterans and their spouses?**
- **My loved one experiences some confusion – do they need memory care?**
- **What are the best communities for my need and situation?**

Serving families from Guthrie to Norman, Mustang/Yukon to Shawnee, Senior Care Referral Services works directly with families to provide the best answers to senior care needs - all at no cost! Our staff has visited and toured every community that we recommend in the greater Oklahoma City area. "We have

taken the tours, talked to the directors, met with the marketing teams and looked at the reviews. We feel confident that any place we take a family is a place we would take our own," says Rick Guttenberger.

Helping seniors and their families find care solutions at no cost is what we do for clients. No matter how tough the request or situation, Rick and Denise will do whatever they can to help. "It is a privilege to work with families and help them find peace of mind by simplifying their search for answers," says Denise.
