## PRESIDENT'S LETTER

Dear CMSA Members, Valued Vendor Partners and Supporters,

I want to take this opportunity to send out an enormous THANK YOU to Dr. David Chansolme for virtually presenting on the 2020 Corona Virus Pandemic. It was an epic success and we have gotten beyond positive feedback from those who attended. We had over 170 people registered which is another milestone for our organization. Also, a big shout out and thanks to our Valued Business Member OSSO for sponsoring our Virtual Continuing Education.

Don't forget next month, Mark Pew the "RxProfessor" has agreed to join us for our November Virtual Continuing Education Webinar. Some of you will remember him from presenting on Opioids at our 2018 Annual Conference, he was a big hit! Many things have changed in Oklahoma from the last we heard from the RxProfessor, medical marijuana being a big one so he has some new information to share with us.

Lastly, if you don't already follow us on social media, please give us a "like" and follow our page "Case Management Society of Oklahoma". We share lots of great information on this page and it is a great way for you to help us spread our message as well. So go forth and SHARE!!

Again, thank you to all of you for your continued support.

Stay safe, stay kind and stay strong!
