

MPTC UNIT, UMAASA SA GO-SIGNAL PARA SA PLANONG CAVITE-BATANGAS EXPRESSWAY

Umaasa ang Metro Pacific Tollways Corp. (MPTC) na ma-aprubahan ang planong Cavite-Batangas Expressway sa kabila ng aberya sa alignment sa isa pang kaparehas na proyekto ng San Miguel Corp. (SMC)

Ginawaran ang MPTC ng original proponent status para sa P25.24-bilyong piso na Cavite-Tagaytay-Batangas Express-

dalawa sa daanang dinadagsa ng trapiko tuwing peak periods at weekends.

Ayon kay Raul Ignacio, pangulo at general manager ng MPTC unit MPT South Management Corp., may dayalogo na sila kasama ang Department of Public Works and Highways (DPWH) ukol sa balak na proyekto at umaasang maibibigay na ang plano sa National Economic and Development Authority para sa

More SIM registration booths needed as deadline nears

MANILA – A lawmaker on Tuesday called on the National Telecommunications Commission (NTC) and public telecommunications entities (PTEs) to set up more registration booths or assistance desks in a last-ditch joint effort to make Filipinos register over 100 million SIM (subscriber identity module) cards before the April 26 deadline.

Camarines Sur Rep. Luis Raymund Villafuerte said the government and the PTEs have to go full-blast on their registration drives after Holy Week, as he cited the latest survey results by the Social Weather Stations (SWS) that 55 percent of Filipinos knew just recently that the sign-up was mandatory.

“It’s possible that many SIM card owners have not signed up yet because even if they know that the sign-up is a deterrent to crime, they are probably clueless that the registration is mandatory, or that they would no longer be able to use their unregistered SIM cards because the government would deactivate them by April 27,” Villafuerte said.

Citing data from the NTC website as of Sunday, he said a total of 57.19 million SIM cards have been registered with the three PTEs, which is just 34 percent of an estimated 168.977 million SIMs nationwide.

‘No permit, no exam’ ban, magpapasara ng maraming pribadong eskwelahan

MANILA, Philippines — Pinatitigil ng mga samahan ng mga private schools ang mga panukalang inihain sa lehislatura na papayagang mag-exam ang mga estudyante kahit hindi pa nakakabayad ang mga ito ng kanilang tuition fees.

Sakaling maipasa ang mga ito, sinabi ng grupo na mapipilitang magsara na lamang ang mara-ming naghihingalong private schools dahil sa pagkalugi.

Sinabi ng Coordinating Council of Private Education Associations

(COCOPEA) na mga guro at empleyado ang nauunawaan nila ang layunin ng Senate Bill 1359 at House Bill 7584 na matulungan ang mga estudyante at pamilya ng mga ito.

Ngunit libo-libong

RELOCATION PLAN, NAKAHANDA NA PARA SA MGA MADIDISPLACE NG BATAAN-CAVITE BRIDGE

Ayon sa Department of Public Works and Highways, nakahanda na ang mga relocation plan para sa mga residenteng apektado ng konstruksyon ng Bataan-Cavite Interlink Bridge.

Aabot sa 149 na pamilya ang apektado sa planong pagtayo ng tulay na magdudugtong sa dalawang probinsya: 100 na pamilya mula Naic at 49 mula Bataan.

Sa isang panayam kay DPWH Undersecretary Teresita Bauzon, isinaad niya na magsasagawa ang

ahensya ng resettlement action plan para sa lahat ng madidisplace ng proyekto.

Bukod rito, pinupunteryang pamahalaan na bayaran ang mga masasagi ng proyekto at bigyan sila ng maayos na malilipatan sa tulong ng National Housing Authority.

“Yung mga affected land, households, structures, lahat po yan ay babayaran accordingly. For now

finafinalize pa yung mga maaapektuhan sa project na ito,” sabi ni Bauzon.

Sinasabing mapapaikli ng Bataan-Cavite Bridge ang oras ng byahe sa pagitan ng dalawang probinsya sa loob ng isang oras at mapapamura ang presyo ng paghatid ng mga produkto at serbisyo sa buong Luzon.

More SIM ... fr. page 1...

He said owners of deactivated SIMs would no longer be able to make and receive calls or access their SIMs' data services and online connectivity, preventing them from accessing websites or using applications that require an internet connection.

He added that owners of deactivated SIMs could no longer access their one-time password (OTP), which is a security feature in banking and media applications and other online platforms.

Villafuerte said the NTC and PTEs have to get the support of local government units (LGUs), particularly those in far-flung communities with weak internet connection, to put up registration booths.

"One way to accelerate the registration process this last registration month is for local executives to help the PTEs, DICT (Department of Information and Communications Technol-

ogy), NTC and other concerned sectors establish more off-site centers where people can sign up, especially in places with limited Internet or telecommunication access," Villafuerte said.

He said local executives could play a more active part in ensuring the success of the SIM registration process in the same way that local governments have had a lead role in the Covid-19 vaccination rollout in their respective localities.

He noted that the DICT could also extend the four-month registration period by another 120 days or four months, if necessary.

"Otherwise, the government will have to extend the four-month deadline if it wants to record in the system as many numbers possible from the total SIM cards in the country whose owners have yet to register," he said. (PNA)

LRT 1 Cavite extension inches closer to completion

MANILA -The Light Rail Transport Authority (LRTA) is looking to acquire the remaining land needed to complete the LRT 1 Cavite extension project, which will add eight more stations to the existing line and cut the travel time from Pasay City to Cavite from an hour and a half to just around 30 minutes.

LRTA Administrator Hernando Cabrera told reporters recently that less than 5 percent of right-of-way requirements in areas from Sucat to Bacoor have yet to be settled, putting the project closer to completion.

The 11.8-kilometer extension project, which

covers major cities such as Quezon City, Caloocan, Manila, Pasay and Parañaque, starts at the Baclaran station of LRT 1. It is designed to cater to up to 800,000 passengers daily.

The first phase includes the Redemptorist Station, MIA Station, Asiaworld Station, Ninoy Aquino Station and Dr. Santos station. Cabrera said they were targeting to make this portion operational by September next year.

The second phase consists of Las Piñas Station and Zapote Station. The third and last phase is the Niog Station.

Cabrera said the entire

project was expected to start operations during the current administration.

He shared that the 4th Generation trains purchased for LRT 1 could be deployed to the extension if they would be fixed.

In February, the Department of Transportation (DOTr) reported that 80 of the 120 light rail vehicles bought in 2017 from

Mitsubishi Construcciones y Auxiliar de Ferrocarriles S.A. (CAF) were unusable because of water leaks. These were delivered in 2021 in the country.

The DOTr reached out to Mitsubishi CAF to address the problem. Cabrera shared that a rectification plan had been presented to fix the water leakage issue. INQ

Philippines set to receive first-ever LNG cargo for power generation

MANILA— The Philippines has bought its first-ever liquefied natural gas cargo, which will be delivered this month, bound for a new terminal that will fuel a 1,200-megawatt power plant, global energy trader Vitol said on Monday.

Vitol Asia Pte Ltd, a supply and trading unit of Vitol Group, will supply the LNG cargo to San Miguel Global Power Holdings Corp from its global LNG portfolio, Vitol said in a statement.

It did not disclose the volume and price.

The purchase comes after spot LNG prices in Asia fell sharply from all-time highs last year when Russia cut gas supplies to Europe following the Ukraine war and sparked a flurry of purchases by European nations.

Faced with declining output from its Malampaya natural gas field, the Philippines is the newest LNG buyer in the region as it seeks alternative fuel supply for existing gas-fired power plants producing more than 3,000 MW, including San Miguel

Global's 1,200-MW Ilijan power plant.

The LNG cargo will be delivered around mid-April to Singapore-based Atlantic, Gulf and Pacific's (AG&P) import terminal in the Philippines.

"This is a significant milestone and we look forward to bringing more LNG supply from around the world to meet the rising gas demand of the Philippines," said Vitol Asia president Mike Muller.

The Ilijan plant in Batangas province, 142 km (88 miles) south of Manila,

is among several power generation assets of San Miguel Global, a unit of Philippine conglomerate San Miguel Corp SMC.PS.

Ilijan's power output is expected to significantly augment the country's generation capacity in the face of rapidly increasing post-pandemic demand, Vitol said.

The plant has been undergoing repair works to improve its fuel efficiency and generation ramp rate since last year after gas supply from Malampaya ended, according to San Miguel.

AG&P's import facility will be the first to come online among seven LNG terminal projects approved by the Philippine government. It will have annual capacity of 5 million tonnes.

Barangay employees, kasali na sa 'Pambansang Pabahay'

MANILA, Philippines — Pasok na rin ang mga empleyado ng barangay sa mga benepisyaryo ng programang pabahay ng pamahalaan.

Batay ito sa probisyon ng isang memorandum of understanding (MOU) na nilagdaan kamakailan nina Human Settlements and Urban Development Secretary Jose Rizalino Acuzar at Interior Secretary Benhur Abalos.

Base sa kasunduan, magtatayo ng housing units para sa mga mahihirap na barangay worker at informal settler sa ilalim ng "Pambansang Pabahay" program.

Target sa kasunduan na mabigyan

ng pabahay ang mga mahihirap na barangay tanod, day care teachers, response team workers at iba pang kuwalipikadong empleyado, maging ang mga permanent, contractual o casual workers.

"Sa tulong po ng DILG, we are finally bringing our program to the barangay level," ayon kay Acuzar.

Kasama rin sa

programa ang informal settler families bilang buyer-beneficiaries ng affordable housing units.

Tutulong umano ang DILG sa mga barangay para tukuyin ang mga benepisyaryo sa pamamagitan ng social preparation, census enumeration, socio-economic profiling at pagtatalaga ng social parameters.

GSIS to release pensions ahead of regular schedule

MANILA – The Government Services Insurance System (GSIS) announced on Tuesday night that its 562,000 pensioners would receive their pensions before the holidays this Holy Week.

GSIS president and general manager Wick Veloso said instead of the usual e-crediting on the eighth of every month, the pensions would be released on Wednesday.

"We know that our retirees need their pension early as most commercial establishments will be closed during the Holy Week. Semana Santa is one of the most important religious oc-

casions in our country and we want our pensioners to prepare for it without having to worry about their necessities," Veloso said.

The GSIS, he said, sees the urgency of releasing pensions as government agencies would be closed from the afternoon of April 5 until April 10.

The state pension fund releases pension electronically through the Unified

Multi-Purpose ID (UMID) card or temporary electronic card (eCard), which are issued by either the Land Bank of the Philippines or the Union Bank of the Philippines.

Currently, GSIS pensioners and members may still use the GSIS Touch Mobile app to check their records and apply for loans and claims anytime and anywhere.

Pensioners may also schedule their Annual Pensioners Information Revalidation wherein all old-age and survivorship pensioners are required to personally report to any GSIS office or through the GSIS kiosk during their birth month to continue receiving their pension. (PNA)
