October 13

18 members and 1 guest at today's meeting: 1 via ZOOM and 18 in person. Our guest was Rob Clark from the Bay Area Soccer Association (BASA).

BASA was established in the Spring of 1995 to offer recreational soccer with the intent to organize a large number of teams for boys and girls between the ages of 4 and 18. In the Spring of 1997, just two years after the inception of the league, an effort was launched to build a soccer complex, and move from the temporary home at the Bay City Middlegrounds. After fundraising through grant writing and such, BASA purchased a 25 acre spread from the Bay Arenac ISD on Monitor Rd in Bay City.

The emphasis of BASA is the development of soccer skills and increased soccer competency with age, the fostering of good sportsmanship and teamwork among players, and to encourage parent and community involvement to achieve these goals. BASA's intent is to raise the caliber of the play in Bay County to be competitive with the other tri-city teams, and allow the players to strive for even higher levels of capability if they desire. BASA provides the community an additional soccer skill growth program to compliment the existing public and parochial school programs.

While the main soccer complex is located near the Bay Arenac ISD on Monitor Road, today's program focused on an abbreviated, hard surface field located on the East Side of Bay City, located around 1st street and Madison Ave. in Bay City, known as Maplewood Park. While there is a name for this kind of park I failed to write it down. This park will be open to the public, and a major fundraising effort is underway to bring this field up to play, and through Grant writing and public appeal they hope to raise the money. The goal is around \$400,000 and it will cover the cost of installing the hard cover field (PIT) and evening lighting, fencing, etc.. More information on BASA can be found on their website: <http://www.basasoccer.com>

October 20:

Today's program speaker was **Brian Rueger** from *Sleep in Heavenly Peace*. This organization builds beds for kids who need them. **Brian** is the *Chapter President* and they just began the chapter here for Great Lakes Bay Region. They only allow him to begin with a certain number of zip codes to make sure he is able to handle the requests and then he will be able to expand his area. His plans for expansion would include satellite offices in those areas and he is hopeful to expand by the spring. Since this is a new chapter, they have not delivered their first bed yet, but they did get their first application. They are in process of being listed on the websites such as 211 where people reach out for help. They have certain build days where volunteers can come out and help build these beds. Each bed is twin size and can either be a single bed or a bunk bed, depending on the family's needs. Each bed costs about \$400 to make, plus the cost of a mattress and bedding material. They are also looking for sites they can hold their build days in the winter.

They will let us know what time they would like us to arrive. We will be the water/cheer station and will be around the Liberty Harbor Marina area. I will have a card table set up so we can set out the dixie cups and fill with water. We will have a trash bag too for them to throw away the cups. There will be about 20 racers total which will include the girls, their running buddies and the 4 coaches. Extra bonus: if you volunteer you will get to cheer Holli on as she is running with her daughter Gabriella. The Travelogue's 2nd and 3rd shows are going to flip flop. The Optimist Creed

*To be so strong that nothing can disturb your peace of mind.
 To talk health, happiness and prosperity to every person you meet.
 To make all your friends feel that there is something in them.
 To look at the sunny side of everything and make your optimism come true.
 To think only of the best, to work only for the best and to expect only the best.*

*To be just as enthusiastic about the success of others as you are about your own
 To forget the mistakes of the past and press on to the greater achievements of the future.
 To wear a cheerful countenance at all times and give every living creature you meet a smile.
 To give so much time to the improvement of yourself that you have no time to criticize others.
 To be to large for worry, to noble for anger, too strong for fear, and too happy to permit the presence of trouble*
