**June 10:**

Our program today was *Girl Scouts Heart Of Michigan*, with presenter **Allison Hagerty**, *Fund Development Specialist for Girl Scouts Heart Of Michigan*. Since the beginning of the Girl Scouts, founded in 1912 by Juliette Gordon Low in Savannah Georgia, the first Girl Scout Troop consisted of 12 girls, and up until 2024, the organization was open to girls only, but since the DEI initiative it opened to include boys. While scouting organizations, both boys and girls, have faced a decline in membership over the years, the girl scouts had a 43% decrease in membership from 2019 to today due to various reasons, from covid to the new social norms, and additionally the cost of liability insurance. Due to these factors the cost of membership in the girl scouts has a proposal to go from \$25 to \$85 per year.

One program where the Girl Scouts excel is the Summer Camp Outreach Program. This camp offers the scouts the chance to make new friends, Learn new skills, to appreciate nature, to learn to overcome challenges, develop a strong sense of self, and help girls feel empowered to make a difference in the world. A survey of the graduates of this program came up with the following:

- 78% said they gained healthy relationship skills,
- 86% reported a desire to participate in challenge seeking behavior,
- 65% had a more interest in the STEM program.

The cost of this program is \$558 per yr, but the girls are asked to pay just \$190. The rest is paid by scholarship from various grants obtained through out the year.

The *Girl Scouts Heart of Michigan* has asked for a donation of \$500 to help offset the cost of these programs so all members can enjoy the benefits of scouting, regardless of their financial situation, or social situation, and it will be voted on at the next board meeting.

More information on joining the scouts can be had from visiting the website: [www.gshom.org](http://www.gshom.org)

May 20

As school duties precluded the presence of *President Kathy*, *Vice President Kirsten Wellnitz* presided over today's meeting. Our program speaker today was **Jennifer Whyte**, *Vice President Business Development* for *Serenity Bay Health*, located at 1426 Straits Drive, Suite B, in Bay City. *Serenity Bay Health* is a privately owned psychiatric office created specifically for the Great Lakes Bay Region, and the needs of our community. One program *Serenity Bay Health* has that is of special interest to the BCNOC is the "**Adolescent Partial Hospitalization Program**". This short term program is an in-person, clinic based, intensive therapeutic program designed to help youth ages 13-17 with mental health concerns that significantly impact their daily life. The focus of this program is on making the adolescent's acute mental health stable, thus reducing life threatening behaviors. All therapy is provided in a clinic setting similar to a school day. This was a program that one had to be present to get the full impact of what they accomplish.

For more information on this program you can contact *Serenity Bay Health* at 989-662-3767, or through their Website: [serenitybayhealth.com](http://serenitybayhealth.com)

# The Optimist Creed

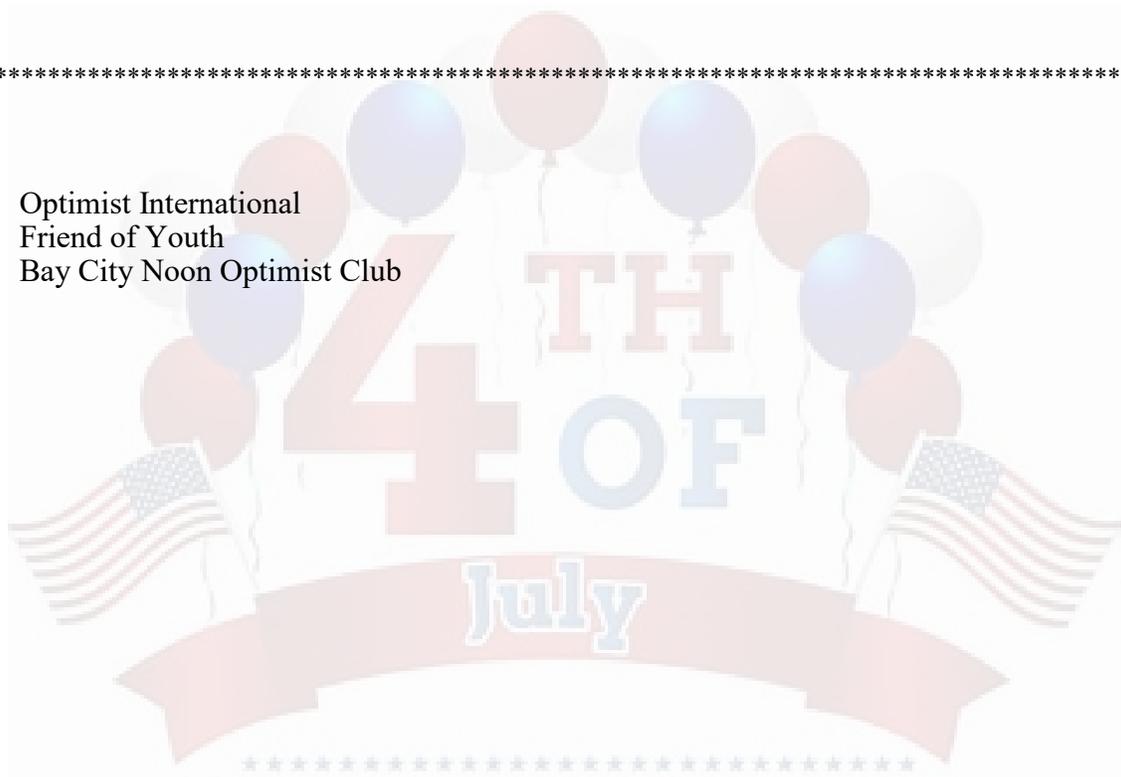

*To be so strong that nothing can disturb your peace of mind.  
 To talk health, happiness and prosperity to every person you meet.  
 To make all your friends feel that there is something in them.  
 To look at the sunny side of everything and make your optimism come true.  
 To think only of the best, to work only for the best and to expect only the best.*

*To be just as enthusiastic about the success of others as you are about your own  
 To forget the mistakes of the past and press on to the greater achievements of the future.  
 To wear a cheerful countenance at all times and give every living creature you meet a smile.  
 To give so much time to the improvement of yourself that you have no time to criticize others.  
 To be to large for worry, to noble for anger, too strong for fear, and too happy to permit the presence of trouble*
