ABOUT ME

Özge Öztürk Özer established GoldenCore Consultancy in 2023 to focus on executive search and tailored recruitment for fast-paced companies, such as start-ups and scale-ups, as well as management consultancies. She graduated from Boğaziçi University with a degree in Mathematics and has lived in Spain and Turkey.

With over 8 years of Executive Search & Talent Acquisition experience, she has engaged in fields of research, business development, and database management, revolving around the recruitment and placement of executive managers throughout the UK & EMEA.

She began her career as a researcher at JMA Global, a boutique executive search firm based in London. During her 5-year tenure, she worked across all consumer-facing sectors and with PE-backed portfolio companies, focusing on Turkey, the UK, Europe, the Middle East, and Africa.

After her time at JMA, she joined Getir as a Talent Acquisition Executive. Getir is the largest e-commerce business in Turkey, currently at a hyper-growth stage.

In this role, she took a proactive approach to support Getir's EU and UK launches, as well as placements for Getir's EU, UK, and TR teams within a limited timeframe.

While based in Istanbul, prior to establishing her own organization, she worked for Trendyol, an Alibaba Group Company, where she was responsible for hiring, particularly in the Growth and Technology departments.

Throughout her career, she has successfully led hundreds of executive placements for some of the world's leading organizations.

Our purpose is to revolutionize the hiring process, making it faster and better. We're dedicated to finding the perfect match for your organization, aligned with your unique culture and objectives.
