

Thank you for being a part of the 2021 That Sea Turtle Meet at beautiful Panama City Beach! Please check at the admissions table for coupons for various attractions and restaurants... including free admission for gymnasts to Gulf World Marine Park. Additional beach activities as well as a final list of discount coupons will be posted at www.DestinationMeets.com soon. *(Yes, this is "last minute" but waiting for final weather forecast...)*

The governments of Panama City Beach, Bay County, the State of Florida, as well as the venue do not have mandated social distancing or face mask requirements. Destination Meets encourages individuals to continue to act responsibly throughout this trying time.

There should be plenty of spacing for all family members and friends to attend. However, in an attempt to provide as much social distancing as possible, we will require those arriving for the upcoming session to please wait to enter the competition arena until the conclusion of the session that may be underway. Admission fee: Ages 12+: \$10; Ages 5-12: \$5; Under 5: Free. **(cash only.** ATM available in lobby)

To help with cutting down on contact, there is no "gymnast check-in". Gymnasts simply need to report to their coach prior to the start of their session. "March In" will take place at your team's first event. Please remember that ONLY gymnasts, coaches and volunteers are allowed in the actual competition parameters.

Live scoring will be available at www.DestinationMeets.com providing there is no glitch with internet or scoring providers. Upon all scratches received, any adjustment with age groups will be made PRIOR to going live so there may be a short delay of live scoring at the beginning of each session. At times there seems to be discrepancies with what appears online. The results and placements announced by That Sea Turtle Meet & Destination Meets (via ProScore) are the official results.

All sessions are Modified Capitol format & continuous rotation. In a nutshell: There are two sets of bars, beam and vault and one floor. Flight A will be the closest set of equipment when entering the ballroom. *Rotation sheets are not possible as cards will be used allowing coaches to place gymnasts in competition order each event.*

And, as always, NO FLASH photography is allowed. This is for the safety of the gymnasts! So, please check for those bright lights even on your cell phones...

On a personal note, thank you so much for bringing your gymnast to That Sea Turtle Meet. Keeping your gymnast in some type of normalcy during the past many months has been so important. The dedication of your gym, your child's coach, the extra sacrifices you have had to make is helping these children much more than can ever be measured during this crazy time.

NOTE: Panama City Beach does not allow the consumption of alcoholic beverages "on the white sandy beaches" throughout the month of March.
