

Thank you for being a part of the 2022 That Sea Turtle Meet at beautiful Panama City Beach!

Traffic during Spring Break can always be a challenge. Please allot ample time for travel and parking. There is an overflow lot just east of Boardwalk Convention Center.

**Daily Admission Fee:** Ages 12+: \$15; Ages 5-12: \$10; Under 5: Free. (**cash only**. ATM available in lobby). There should be plenty of spacing for all family members and friends to attend. However, in an attempt to provide as much social distancing as possible, we request those arriving for the upcoming session to please wait to enter the competition arena until the conclusion of the session that may be underway.

**Gymnasts:** There is no gymnast check-in, please report to your coach prior to the start of your session. Gulf World & Ripley's passes are available at the admissions table. Your coach will have your tshirt! "March In" will take place at your team's first event.

**Flights:** A list will be posted at admissions each session with a breakdown of what gyms are in which flight. *Please note that until the coaches meeting held during general stretch, there is a possibility of changes.* Flight A will be the equipment closest to the Admissions table. Flight B will be the set of equipment towards the farther wall.

All sessions are Modified Capitol format & continuous rotation. In a nutshell: There are two sets of bars, beam and vault and one floor. Flight A will be the closest set of equipment when entering the ballroom. *Rotation sheets are not possible as cards will be used allowing coaches to place gymnasts in competition order each event.*

Please remember that ONLY gymnasts, coaches and volunteers are allowed in the actual competition parameters. And, as always, NO FLASH photography is allowed. This is for the safety of the gymnasts! So, please check for those bright lights even on your cell phones...

Live scoring will be available at [www.DestinationMeets.com](http://www.DestinationMeets.com) providing there is no glitch with internet or scoring providers. Upon all scratches received, any adjustment with age groups will be made PRIOR to going live so there may be a short delay of live scoring at the beginning of each session. At times there seems to be discrepancies with what appears online. The results and placements announced by That Sea Turtle Meet & Destination Meets (via ProScore) are the official results.

**NOTE:** *Panama City Beach does not allow the consumption of alcoholic beverages "on the white sandy beaches" throughout the month of March.*
