

Please Read Carefully

The tubes listed are the **ONLY** ones available for sale. Please, do NOT inquire about additional tubes because there are just not any more to be had. There will be two listings: The first are the 7-pin and 9-pin miniature types. The second listing will be the larger types. An announcement will be made when the second listing is posted.

Most tubes are new and most are in either factory boxes or white generic boxes. Some are used (you get what you get). However, every tube will be tested in my Hickok 6000 tube tester and the meter reading attached to the box or otherwise to the tube (if the box is in too poor shape to be furnished with the tube).

Tubes will be guaranteed not to be D.O.A. Return defective tube(s) prepaid. Upon receipt of the defective tube, a replacement will be sent, or, if no replacement is available, a refund will be made. The vast majority of people are honest. However, each tube will be marked in a manner that cannot be easily duplicated to prevent fraud.

Some tube types have a good stock while others have only a few available. Before sending payment, send an E-Mail to zcomco@sbcglobal.net listing the tube type and quantity requested. A return E-Mail (usually within 48-hours, or less, of the receipt of your E-Mail) will tell which tubes, and quantities, are available and the total price including shipping / handling. You will have 48-hours to confirm what tube types, and quantities, that you wish to order. If payment is not received within 10-days, the tubes will be returned to stock and made available to the next person requesting that tube type(s).

PayPal is NOT accepted for any stateside orders. PayPal accepted ONLY for foreign orders. However, be advised that postage rates for foreign shipments are quite high! Even if you try to cover PayPal fees, PayPal will NOT be accepted for anything but foreign shipments. Also, credit card payment cannot be accepted at the present time.

Unfortunately, I do have to collect Texas state sales tax on any orders for shipment within the State of Texas.

Personal cheques are accepted from FCC licensed amateur radio operators IF the shipping address is the same as the address listed in the FCC ULS. If not, then another form of payment has to be made including certified cheque or United States Postal Money Order. All other payments to be made the same as above.

Send payment to: Glen E. Zook, 410 Lawndale Drive, Richardson, Texas 75080-1811

Miniature tubes will be sent using Post Office "flat rate" boxes. For 10-tubes, or less, shipping and handling charges will be \$10.00. For more than 10 tubes up to 50 tubes, shipping and handling charges will be \$17.50. For more than 50 tubes, contact for shipping and handling charges.

Include, with payment, a note listing the tube types, quantities, your name and address, and other information as necessary. This is to be a separate piece of paper in addition to the payment document.
