---

<sup>1</sup> PSYPACT is an interstate compact which offers a voluntary expedited pathway for practice to qualified psychologists who wish to practice in multiple states. PSYPACT is designed to facilitate the practice of telepsychology and the temporary in-person, face-to-face practice of psychology across state boundaries. In order to practice telepsychology in PSYPACT states, psychologists licensed in PSYPACT states only can apply to the PSYPACT Commission for an Authority to Practice Interjurisdictional Telepsychology (APIT). In order to conduct temporary practice in PSYPACT states, psychologists licensed in PSYPACT states only can apply to the PSYPACT Commission for a Temporary Authorization to Practice (TAP). The PSYPACT Commission is the governing body of PSYPACT and is comprised of one representative from each PSYPACT state. More information regarding PSYPACT and its requirements can be found at [www.psypact.org](http://www.psypact.org).

- 05/2005-08/2012 Adjunct Assistant Professor of Psychiatry, UT Southwestern Medical Center, Dallas
