## Round Non Basmati Rice

Eximace Round Non-Basmati Rice is a premium-quality rice, highly appreciated by our valued customers for its superior texture and natural properties. Known for its smooth, sticky consistency, this rice is widely used in hotels and canteens to create delicious meals. It absorbs more water while cooking, releases starch, and results in long, slender grains with a satisfying taste.

Grown using scientific and natural methods without harmful pesticides or chemicals, our rice is 100% pure, hygienic, and free from adulteration. We combine traditional techniques with modern equipment to ensure the highest quality. Each batch undergoes strict quality checks before delivery. Available in various packaging options at competitive prices.
