R-1 Neighborhood Residential

A designation for properties that have developed, or are suitable to be developed, in a moderate density residential neighborhood with full provision of necessary urban services. Net density (land area excluding collector road right of way, ponding, wetlands, bluff, and permanently protected environmental resources) shall be between 2 and 4 units per acre. This area is also intended to prevent the establishment of various commercial, industrial, and higher density residential developments that will conflict with the character of the area. Prior to development for residential uses, this area may have agricultural uses and would be zoned as agricultural until such time as the property was proposed to be developed.
