

Dear (Fed up with Politics) Friends,

You and I are watching what's happening to our country and we all know that something is terribly wrong. Our economy is circling the bowl, drugs are pouring across the southern border, crime is up, and Tampa is listed as one of the top 25% of cities in America with the highest crime rate. This country has been going in the wrong direction for more than 3 years and this district has for nearly 2 decades. We are lacking common sense representation and REAL LEADERSHIP. Community safety is one of my top 3 critical commitments and I don't make promises I don't keep.

I served this great nation for more than 33 years and my oath of office in the Navy is to support and defend the constitution of the United States against all enemies foreign and domestic. And most importantly, our Navy motto is "Not self but country!" That's why I am running! I hear this country screaming and must answer the call to serve again. I bring well-honed problem-solving skills, the ability to negotiate, and how to build bridges, not walls to this fight for common-sense legislation.

When America is weak, freedom across the globe is at risk and our enemies know it! Do you think that they just watched as millions poured across our southern border unchecked? Or, do you think just maybe they just might capitalize on sending hundreds or even thousands to infiltrate our country? Do you think this is a conspiracy theory? I remind you that this already happened on 9-11. The next attack will affect all of us including right here in Tampa Bay. What if they attacked our infrastructure (electric grid, water, fuel farms, or airports)? Are you alarmed? It is not a function of if, but when, and how many attacks will kill Americans right here in our home. We should all fear the consequences of this administration's failures!

Join me in fighting for common sense and protecting our borders, our children, and their future families. Time is ticking. Stand with me! Contribute to your future and your children's future. It's time to elect those who know how to fight and protect you and your family. I am that fighter! I am that leader! I have the experience and the fortitude to help right this ship and put us back on the right course. I'm Rocky and I'm running for Congress!

**URGENCY FOR CHANGE - REAL LEADERSHIP**

Very Respectfully,

Rocky

Candidate for:

U.S. House of Representatives - Florida Congressional District 14  
Member of the Republican Party
