Notes:

Request a Review

If your purchasing or selling experience exceeded your expectations, would you be so kind as to give me a brief review? I'd also like your permission to use this in my advertising and marketing.

2. Sets and manages expectations proactively throughout the transaction.

Leverage Your Listings

Capitalize on your listings by marketing your brand at the same time to bring in more listings and more buyers.

14-Step Marketing Plan for Listings

1. Price your home competitively with the current market and price trends.
2. Advise you on how to attract buyers by showing your home in the best possible light.
3. Place “for sale” signage, with property fliers easily accessible to drive-by buyers.
4. Respond to all buyer inquiries immediately.
5. Optimize your home’s Internet presence by posting your property in the Keller Williams Listing System (KWLS), on local and global MLS systems, and on social media, with plenty of photographs and a description of your property.
6. Market your home on multiple websites, including my own site, my KW local office site, and KW national site, to attract both local and out-of-town buyers.
7. Post your home on my proprietary search app and other KW agents’ apps.
8. Create fliers and comment cards for viewers of your property.
9. Distribute “just listed” notices to neighbors, encouraging them to tell family and friends about your home.
10. Target my marketing to active real estate agents who specialize in selling homes in your neighborhood.
11. Include your home in our company and MLS tours, allowing other agents to see your home for themselves.
12. Create an open house schedule, and market and host the open house to promote your property to prospective buyers.
13. Target active buyers and investors in my database who are looking for homes in your price range and area.
14. Provide you with weekly updates detailing my marketing efforts, including comments from the prospective buyers and agents who have visited your home.

The message you put out to attract prospective buyers and sellers is everything. Why would they want to contact you in this market? What would they get if they did? These two questions are at the heart of all effective messaging.

SHIFT

Your MLS Listing Reflects Your Brand

1. Have the right documents for your Region and Market Center uploaded.

2. Utilize the right professionals to get great pictures and floorplans.

3. Set the right schedule for your listing.
