

HISPANIC HERITAGE TOUR

1513 – Juan Ponce De Leon, Spanish Governor, traveled from the Island of Puerto Rico and stumbled on new land he called “FLORIDA”. Future generations reveal the exact location as “MELBOURNE BEACH”.

EXACT DATE & TIME YET TO BE DETERMINED (SMALL FEE FOR TRANSPORTATION)

Come: See his statue at “PONCE LANDING”. Its only thirty minutes from the hotel and learn the truth. Juan Ponce De Leon “WAS NOT” searching for a Fountain of Youth. Unbeknownst to many, we have been misled by historians who wanted to shroud the truth and, learn why it was shrouded by historians and Catholic Spanish priests who placed the accomplishments of other great Spanish Conquistadors above that of Juan Ponce De Leon’s discovery. Learn why the truth should continue masked.

During this presentation you will learn why Spanish War Dogs of the sixteenth century

were at the forefront in the minds of the Spanish Conquistadors, even that of Christopher Columbus on his second voyage to the new world. Today, we would call it barbaric. Something we would not have expected of the legendary Juan Ponce De Leon. Its apparent Spanish Historians would like to remember Juan Ponce De Leon for his deeds in discovering Florida and in search of a Fountain of Youth without any negative annotations. At the end of the presentation (at the LATIN FLAVOR, Puerto Rican Restaurant in Melbourne) you be the judge.
