

SAFELINK TITAN

ABS VENTED SAFETY HELMET

Safelink Titan is a high performance safety helmet designed to deliver superior protection, comfort and durability in demanding work environments. Manufactured from premium ABS material with vented design and smooth ratchet harness for a secure and comfortable fit all day.

KEY FEATURES

Premium ABS Shell

High impact resistant ABS material provides excellent protection and durability.

Vented Design

Strategically placed vents enhance airflow and reduce heat build-up for improved comfort.

Smooth Ratchet Harness

Easy-to-use ratchet adjustment system ensures a secure, comfortable and stable fit.

Comfortable Sweatband

Soft, replaceable sweatband for added comfort and moisture control.

Universal Accessories Slots

Compatible with face shields, earmuffs and other attachments.

Lightweight Design

Optimized design for reduced weight and less fatigue during extended wear.
