TAKE IT EASY

Take It Easy: "Take It Easy" is one of the most valuable attitudes anyone can adopt. No matter what, it's a choice we can develop a reflex to. This attitude works universally and it works if you work it.

If this particular saying is applied sincerely and intelligently, it will greatly ease what has us anxious and guard against "Slipping" (Sobriety Loses Its Priority) back to our strongholds and further the development of our maturity.

For example, "Take It Easy," means – relax! Don't fret and worry and stew and struggle! Take it easy! Relax!

We live in a time of Go, Go, Go. We seem to stop only when exhausted – and maybe not even then. We run from task-to-task but never seem to get it all done. "Take It Easy?" I can't! "Take It Easy" applies no matter what your age or level of maturity. In fact, it is essential to your continue progress and nomality.

Mental realization has long been identified as a characteristic of great golfers. Jones and the Nicklaus disciplined their minds to "Take It Easy" when things got tense. When the going gets tough, they step back a bit which increases their depth.

Axioms are only words in themselves. Intellectuals may see them as corny or unsophisticated. Let them! Take It Easy - and you will beat them every time.
