⚒ SkyPulse Aviation Community Setup Guide (Professional Level)

For Industry Professionals, Alumni, and Organisational Upskilling

Led by: Takeoff Aviation Academy – SkyPulse Division

Purpose: To establish professionally focused learning communities that support continuous improvement, knowledge exchange, and structured upskilling in aviation and related fields.

🌍 Who Can Set Up a SkyPulse Community?

- - Industry professionals seeking localised development opportunities
  - Aviation alumni groups looking to reconnect and grow together
  - HR/training leads from ANSPs, airports, airlines, CAAs
  - Practitioners at town/city, airport cluster, or national level
  - Former Takeoff learners (alumni) from SkyLab, SkySave, or formal qualifications

🎯 Core Objectives

- - Support peer learning and mentoring
  - Access exclusive SkyPulse upskilling modules and CPD material
  - Bridge training gaps through AI-powered, virtual, or hybrid courses
  - Facilitate industry-led discussions, innovation roundtables, and regulatory updates
  - Offer career transition tools for those shifting roles within aviation

📦 What Takeoff Provides

- - Digital Community Starter Pack including:
    - Constitution & Terms of Reference templates
    - Community branding/logo
    - Initial engagement agenda and CPD planner
  - Custom CPD pathway tailored to the sector (e.g. ATC, AIS, Safety, Leadership)
  - Option for joint certification and CPD tracking
  - Access to alumni resources, tools, and discounted courses
  - Free and discounted upskilling courses for active members
  - Scholarship opportunities for further study
  - Career guidance and CV support for transitioning professionals

⚙️ Steps to Set Up

1. Register your interest:
   - Email info@toaa.aero with:
     - Group name (or airport/region name)
     - Key contact person and contact email
     - Approximate number of initial members
     - Preferred focus area (e.g. Safety, ATM, Airport Ops)
2. Attend a virtual induction meeting with Takeoff's SkyPulse team
3. Nominate facilitators:
   - Chair or Coordinator
   - Training Liaison
   - CPD Lead (optional)
4. Set a meeting frequency (e.g. Monthly sessions, quarterly CPD events)
5. Choose your training track:
   - Choose from over 30 short upskilling courses
   - Includes live workshops, hybrid mentoring, or self-paced CPD
6. Launch the community:
   - First virtual meeting facilitated by Takeoff
   - Distribute resource packs and invite participation

📑 Added Benefits

- - Guest speaker and masterclass access
  - Eligibility for SkyPulse Advanced Certificate
  - Opportunity to host regional SkyPulse events
  - Access to airport-based or regulatory study visits (optional)
  - Priority access to Takeoff consultancy and innovation think tanks

🔄 Ongoing Support

- - Quarterly check-ins from Takeoff
  - Access to national directory of SkyPulse communities
  - Mentoring for facilitators and CPD compliance support
