Gutter Cleaning Contract

Phone: _____
Email: _____

New Customer

Details of Service:

Gutter Cleaning Service:

This service includes cleaning out all the gutters on the house. All debris, leaves, dirt, branches will be cleared from all the gutters. We will not disconnect any downspouts or gutter guards. We will clean out the top area of the downspout that can be reached by hand, but if it is clogged we will not snake the downspout. Debris cleared out of the gutters will be left until our leaf removal crew comes to clean up your property. Any debris on sidewalks, driveways or steps will be swept off. This service will only be offered from November to the end of winter and can only be completed when temperature allows.

Double Service: The first service is suggested after the second week of November, the second service is suggested early to mid December. Only request this option if your property needs two services in the fall. Great for houses with a lot of trees where gutters back up quickly and need to be cleared twice in the fall.

Single Service: This service would be suggested early to mid December when all of the leaves have fallen. This is only a one time service so we make sure all leaves are down before completeing this service.

Quote per trip:

Single Service	
Double Service
