

Information on The Little Brown Jug Trap League

The Little Brown Jug Trap League is a 10 shoot league that starts in April and ends with an awesome banquet late October (*see League Dates on this website for the current shoot schedule and Banquet*).

Shooters do not need to be an actual member of the club they would like to shoot for but once a shooter post a score for a team they must post their scores for that team the remainder of the current season.

Members will need 9 scores of the possible 10 to qualify for an award at the year end banquet. (*Need all 10 scores for League High Gun or Ladies High Gun*). Every shooter gets to shoot either 2 make ups, 2 shoot ahead's, or one of each through the season. The only stipulation is shoot ahead's count for the very next shoot only, make ups can be shot at any time during the league for a missed shoot. You cannot post more than 100 targets in a given shoot weekend. So if you use the make ups and or shoot ahead's you really only need to make 7 shoots to qualify for an award at the banquet. Shoot aheads and Make ups count for personal score and any of the Challenges only, will not count for Team or Lewis Class monies.

As long as a shooter posts 8 scores throughout the 2023 league season they will receive one free ticket to a great banquet with some delicious food, nice prizes, and a great time. Guest tickets will be available at a fee.

This league has no shoot off at the end, the league is a lewis class based league for individual awards. Although there are a few added options at the last shoot to win yourself a little extra prize money.

Shooting hours are 9am to 1pm on league dates at all clubs.

Check out this website for more info such as: Previous Scores, League Dates for the current shoot schedule with addresses to each club.
