Amendment of Section - Article 10 - 4th</p> <p style="text-align: center;">ARTICLE X -- CLUB GROOMER USE</p> <p>The Snowmobile club knows that safe and legal riding is important to all who use the trails. Insurance regulations as well as the law apply to all groomer use. In keeping with this, the following criteria must be met in order to use club groomers:</p> <ol style="list-style-type: none"> 1. Certification from the MSA via successful passing of the MSA grooming certification test 2. Current membership in the club 3. No alcohol or illegal substance use while operating a groomer 4. Members wishing to groom club trails must attend at least 5 meetings each fiscal year. It is intended that club equipment be used by fully active members who are participating in club decisions and development via participation at meetings as well as via social media communications.

No person will be permitted to use club owned groomers without compliance with the above four criteria. Any person failing to comply with any of the four criteria will not be permitted to use a groomer owned by the Rt. 11 Streakers Snowmobile club. At any time if any of the above criteria are no longer in place, the groomer may be removed and reallocated to another member meeting the four criteria.
