

# THE CANINE PALACE CORP. POLICIES

Please read our policies carefully. We will only accept reservations for any of The Canine Palace Corp. services for pets that have completed **all relevant signed agreements and authorizations**.

## Assessment

For all new customers and services, we begin with a **Meet & Greet** to get to know you and your dog. This first step helps us build trust and ensure the best possible experience for everyone.

As part of this process, all dogs must complete a temperament assessment before using any of our services. This allows us to ensure a safe, comfortable, and enriching environment for every dog in our care. If you are a no-show for an Enrollment Meet & Greet, cancellation charges may apply.

## Safety First at The Canine Palace Corp.

For the well-being of all our guests, **all dogs must be non-aggressive**. Guardians are required to certify that their dog(s) **have not harmed or exhibited aggressive or threatening behavior** toward any person or other dogs. Please keep in mind that your dog will be interacting with other dogs during their time with us. **Their safety, health, and happiness are our top priorities**, and we appreciate your partnership in maintaining a safe environment for everyone.

## Health & Wellness Policy

At The Canine Palace Corp., the health of our four-legged clients is our top priority. To ensure a safe and healthy environment for all, dogs must be free of any condition that could pose a risk to other animals in our care. If your dog has been ill with a communicable condition, we require a veterinarian's certificate of good health before booking or resuming any of our services. Thank you for helping us maintain a clean, safe, and healthy space for every pup!

## Medication Policy

At The Canine Palace Corp., we're happy to administer medications to your dog while they're in our care. However, the following guidelines must be followed:

- A Medication Form must be completed each time your dog stays with us.
- All medications must be provided in their original containers, clearly labeled.
- Medications will be administered exactly as instructed by you.

Please note: While our team is experienced and caring, our staff are not medically trained to treat specific medical conditions. For this reason, we cannot accept dogs requiring medical treatment beyond standard medication administration (e.g., drains, bandage changes, suture removal, etc.).

## **Behavior & Daycare Policy**

At The Canine Palace Corp., we strive to provide a safe, cozy, and enriching environment where all our guests, both canine and human, can feel comfortable and have fun. To ensure the well-being of the entire pack, all dogs are closely supervised throughout their stay. While we understand that dogs have different play styles and personalities, certain behaviors may result in temporary or permanent refusal of daycare admittance, including: excessive barking, excessive mounting (humping), excessive urination, aggressive or rough play, space guarding, bullying or intimidation of other dogs

Our team will always do their best to help **integrate your dog into the group** and will separate them when necessary to maintain a safe environment. We'll also **communicate openly with you** about any concerning behaviors and work together on solutions, so your dog can get the most out of The Canine Palace Corp. experience.

## **Age Eligibility**
