

Add-On Services:

If you have multiple dogs, and you indicate you would like an add-on service, Dog's Day will assume the service is for all pets if you do not specify which pet the add-on is for.

1) Frozen Jello Snack (\$5/stay): Yes or no?

A bit of a gourmet treat on a hot day or a just a healthy snack! Jello snacks are filled with dog treats and fruit.

Your dog will have unlimited access to our back yard for exercise and to use the bathroom, but we can include leash walks, if you would prefer that. If your dog is used

3) Calming Aid (\$5/dose): Yes or no?

If your dog struggles with anxiety we can give them a calming aid chewable throughout their stay, as needed. This is a great option for the anxious dog, especially on their first day, and can be extremely comforting on a daily basis when in a new environment.

4) Ear Cleaning (\$5): Yes or no?

Ear cleaning wipes to help control foul odor, wax/debris buildup, irritation by soothing with non-alcohol eucalyptus and aloe.

5) Anal Gland Expression (\$15): Yes or no?

Big dogs are pretty good about doing this themselves, but if you've noticed your dog doing the boot scoot across the floor then they probably need their anal glands expressed. This can be done, but must also require a bath.

If your dog could benefit from brushing their teeth then let us assist with a peaceful, flavorful, good ol' fashion tooth brushing before bed. Greenie treat included.
