

It's Good to Have You Home!

WELCOME BACK TO WORD ALIVE!

We are excited to have everyone back at church to praise and worship the Lord. In order to keep everyone safe and to ensure we are adhering to the guidelines set forth by health and government authorities, please note the following guidelines for church attendance as of June 7, 2020:

What You Can Do:

- Ushers will seat all church attendees in the sanctuary according to our seating arrangements.
- Families may sit together. Alert the ushers of everyone in your party upon entering the church.
- Church members must practice social distancing at all times, remaining at least six feet apart.
- Do not shake hands, hug, "high five," or congregate in large groups at any time.
- Only two people are permitted in the bathrooms at a time.
- Hand sanitizers have been placed in the foyer. Please use them prior to entering the sanctuary.

What We Will Do:

- There will be no in-person children's church until further notice.
- The sanctuary, bathrooms, and all touch points will be sanitized after every service or other in-person church event.
- Sunday services will be available via Facebook Live or livestream on our website for those who prefer to watch online.
- All in-church giving (checks and cash) will be coordinated by the ushers, who will be wearing gloves.

While we hope to see everyone back at church, if you are feeling sick, have a fever, are experiencing respiratory symptoms, or are elderly, we encourage you to stay home and watch our service online.
