Subject: 2018-01-16 Deadline Extension to January 19th.

Good afternoon Fawn,

Further to our recent discussions, this is to confirm that the deadline for submission of the Action Plan required by requirement #1 of Pollution Abatement Order 109192 is extended to January 19th in acknowledgement of the additional work you have been investing into this document. I look forward to reviewing it once it has been vetted by the Strata ownership.

If you have any question in the interim, please feel free to contact me.

Regards,
Dan Bings
