

# **Fun Food Drive Ideas**

## **Trick or Treat so Others CAN Eat!**

Your group, class or entire school can Trick or Treat for non-perishable food items. Children can make signs, (possibly on fabric) to pin to their costume or donation bag. You may want to keep a tally in each classroom and award a prize to the winning class, like a pizza party or ice cream treat!

## **CANS Around the School**

As cans of food are collected in your school, they are placed single file around the walls in the hallways. It is fun for the children to see how long the cans stretch and how fast they can make them meet at the front door or wherever your target goal may be!

## **We CAN Build a Mountain**

Build a mountain of canned food in the front hall and watch it grow! Or this can be done in each classroom, for a prize to be won by the class who brings in the most items!

## **This is Peanut Butter Day**

Assign a certain day of the week to collect designated food items! Make it fun for all.

Make it a Bountiful Harvest food collection for a fun activity in November!!!

## **Food collected as Students are admitted to a Dance or Sporting Event**

This one is pretty self explanatory and easy! Great for high school competition with your biggest rival !!!! Go team GO!!!!!!

**Its important to have sturdy manageable sized boxes to hold the donations.**
