Motion by Dohmann and seconded by Hagstrom to adopt the agenda. All members voting yes. Motion carried.

Farm Land Lease Auction

Council President Zemlicka started the auction for the lease of farm land located in the Southeast Quarter (SE¹/₄) of Section Seventeen (17), Township One Hundred Sixteen (116) North, Range Fifty-Seven (57) West of the 5th P.M., Clark County, South Dakota. Zemlicka started with a minimum bid of \$185 per acre for 89.13 acres for a period of three years. Cody Wookey, speaking for himself and Jason McHenry, offered \$13,500 a year, which breaks down to \$151.46 per acre, for a three (3) year period. As this was the only bid, the council accepted the bid, unanimously. The Resolution of Intent will be approved at the March 9, 2026 meeting.

Public Input

Luanne Warren thanked those who have helped her with her situation. She would also like to see some follow-through with the Mayor's Policy Statement. There is some very bad sloping going on. She was told that they would be working on that this spring, once the ground thaws.

Department Updates

***Silkman** discussed the two options we have for the sanding box, that goes on the back of the one-ton pickup. It was decided that since there wasn't a big price difference, he should order the stainless steel box. He also informed the council that the skid loader had 417 hours on it and the trade in hours are 500. He let the council know that the city employees were asked by Dennis Olson, the code enforcement agent, to clean up a lot on South Smith St. This is the second time the City has had to clean up this property. They cleaned it up and Flora said that the cost will be billed to the homeowner and if the bill goes unpaid, it will be assessed to the homeowner's taxes.*

***Rusher** gave the mayor and council a 2026 tentative schedule of events for the Golf Club. She informed them that she plans on having a discount weekend on April 11th & 12th. Remodeling has begun on the kitchen, at the clubhouse, and they hope to be done by mid-March.*

***Wellnitz** let the council know that he bought a freezer for evidence that they have to keep frozen.*

***Flora** informed the council that the finance office has got the FIT account setup; they are now handing out petitions for the 3 council seats and the mayor position, that are up for election this year; Flora has been busy with election and annual reporting workshops and Fitzgerald has been getting all the liquor operating agreements signed and figuring out who the returning pool employees will be this summer.*

Motion # 023-2026

Adopt

Agenda

Motion by Zemlicka and seconded by Dohmann to adopt the agenda. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

Rusher asked for permission for the Chamber to bury a time capsule on City property for America's 250 birthday celebrations that the Chamber and the Historical Society are putting on. The Council gave the go ahead for that.

Zemlicka brought up that he had been approached by a constituent that wanted to know if they would change the hay ground contract to a 3-year term. That can be done if the Council wants to change it. That process will start during the April council meeting.

Kline mentioned that she had a concerned citizen that would like a fence put up on the south side of the basketball court at the Swimming Pool Park. They would be more than happy to donate to the project. Altfillisch will check into the cost.

Motion # 024-2026

Approve Legion Special Event Licenses

Motion by Neshiem and seconded by Dohmann to approve the American Legion's request for the Special Event Licenses Pro Pheasants on March 27th from 4:00 pm to midnight and Friendly Feud on April 18th from 4:00 pm to midnight. All members voting yes. Motion carried.

Department Updates

Altfillisch informed the Council that the leased skid loader is getting close on the maximum hours and that they would have to let Westside know soon, if they want to order a new one. He would also like to hire IMEG to have a consultant here during the resurfacing of the street, so they can take care of any issues that may come up during the project.. The Council agreed with him.

Flora informed the council that the Legislative District Meeting is March 26th at 6:00 pm in Webster, Kottke will accompany Flora and Fitzgerald to that meeting. It is a very informative meeting about this year's legislative session and the new laws that go into effect because of it. She also wanted the council to know that she and Police Chief Wellnitz, acting in their compacity as code officials, sent a letter out informing the owner of two buildings in town, that have been reported to have cockroaches, since at least September, of last year, and evidently had been trying to get rid of them themselves, and apparently weren't successful. This letter gave them notice that they had to show proof from a pest control company that this issue had been taken care of. Once that was done, the City had their Ecolab technician come into both buildings and inspect them. He submitted a report that he did see multiple dead cockroaches, but none living. He also warned them that this had to be treated more than just this initial time, so they don't come back. While he was here, she had him inspect both of the med vans, because it was reported to their office, that somebody that had ridden in one of the vans, had them. He sprayed both vans down and did a follow up and sprayed again, before they were used again. They also purchased some spray from him, one that is sprayed at the end of every ride and one that is sprayed at the end of the day on Fridays. This should prevent this issue from happening in the future.

Flora said that Governor Rodden declared Good Friday and Easter Monday as holiday days off, for Easter, therefore, the office will be closed those days.

Flora and Fitzgerald will both be gone on March 27th, so Tara Thomas will be in the office and Barb Latunski will be substituting in the library for her, that day.

Carpets will be shampooed in City Hall and Golf Club on March 16th, so City Hall will be closed that morning (the drop box in the east entrance will be open for drop-off payments) and they will work from home until the carpet cleaners say its ok for them to be walked on.

Flora gave an update on the election: we have 1 mayoral petition and 1 councilperson petition turned in, the council position is for Ward 2. March 24th is the final day to turn in petitions and the cutoff is 5:00 pm on that day.

Rusher said booklets are going out, hopefully the end of this week. She said they will have a soft opening on April 2, 3 and 4 with discount weekend being the 11th and 12th of April. She and John Brown painted the back room.

Nesheim updated the Council on the pool fundraising. They would like the City to commit to how much of the pool project they are going to fund. That will be discussed when budget discussions are happening.

After much discussion about the hay ground land, with the fire department, being represented by Tony Werdel and Shane Hagstrom, informing the council that they could save as much as \$80,000 by using the dirt, from the hill, on that ground, as fill for the new fire hall that is being planned. Three Year Contract

Motion by Hagstrom and seconded by Nesheim to approve the three-year crop land lease with Cody Wookey and Jason McHenry. All members voting yes. Motion carried.

Public Input

There was nobody present for public input, but Nesheim did say that she has had some complaints about the summer rec fees costing more for out-of-town players. Other council members and the mayor have had the same complaints. They reiterated the reasoning behind their decision, as being due to the fact that the amount of money that comes in does not pay for

all the costs to the city for the program and the city tax payers are the ones that ultimately pay for the remainder of the costs of the program, so they feel the city's citizens should be able to get a small price break (\$10). Nesheim also said that she has visited with the summer rec coordinator, in response to a question that had been presented to her about not allowing students from out-of-county to play here, and it has been decided that if any out-of-county students (that do NOT go to school in Clark) want to play for the Clark teams, they will be put on a wait list and if we need more people on a team, they will be utilized, but our teams are already so full, that there won't be any guarantees.

Motion by Zemlicka and seconded by Nesheim to accept the bid from Forest Excavating, Inc. for backhoe operator. All members voting yes. Motion carried.

Motion # 041-2026

Solid Waste Collection Bids

Motion by Hagstrom and seconded by Kottke to accept the bid from Cook's Wastepaper and Recycling for solid waste collection. All members voting yes. Motion carried.

Department Updates

Hagstrom reported, for the fire department, that they are having a meeting the next night to decide where the new fire hall will go.

Nesheim reported that the older softball teams have changed leagues from the Watertown league to the Northern Plains league, so they will have some games, in town, now. The Summer Rec Coordinator is busy recruiting coaches and setting schedules.

Kottke asked if they could receive a draft of the agenda the week before the meeting, to know if they need to do research on any of the items on the agenda or add to it. Flora said that would not be a problem.

Rusher said they had a good opening weekend; discounted memberships will be available the weekend of April 11th and 12th ONLY; the new kitchen is great; golf kids have started practice on the course.

Flora brought up buying iPads, for the council, to replace their current tablets, they don't want them now, they would like the forms displayed on the TV screen, instead; she would like to see Chief Wellnitz get paid for installing the replacement cameras, for the city, the council said to have him keep track of his hours and they would decide on an amount when he is finished; Flora presented the annual report to the council; she stated that Dala Albright would like to see four new garbage cans and four new picnic tables at Dickinson Park, by the concession stand, the council said if there was money in the budget to buy the garbage cans, we could, but the tables would have to be put on next year's budget.

Flora updated the council on a couple things that the public works supervisor wanted discussed, as he was unable to attend. The dump ground will be opening in about two weeks, if the weather holds and it isn't too wet; the first weekend will be free dump for trees and branches only, the rest of the stuff brought out will be the same price as always; the dump ground fees will remain the same as last year.

The Clark Community Aquatics Center would like permission to move the pull tab machine from the Sportsman to the Golf Club, for the summer. Kottke and Nesheim explained how the process worked. With Rusher's agreement, the council decided that the move would be fine with them. The machine will be moved on Friday, April 10th.

Motion # 042-2026

Motion by Kottke and seconded by Hagstrom to approve all of the above department updates, including the finance officer's annual report. All members voting yes. Motion carried.

Set Pool Fees for 2026

Motion was made by Nesheim and seconded by Zemlicka to keep the same pool rates as in 2026 with one change. The city will offer \$50 punch cards for water aerobics that will be valid for this year only while still honoring the punch cards from last year, that were sold for \$100 for two years. All members voting yes. Motion carried.

CCAC Pool Donation

The CCAC representatives asked that the city commit to an amount they will be able to donate toward the pool. The council said that the city had really just been waiting for them to come up with an amount they needed, and the city was planning to look at their options then. Without knowing which company they are going with, to see how much the pool is going to actually cost, it is hard to commit to a certain sum. Flora was directed to check on some different loan options and present them at the next meeting.

City of Clark Council Meeting June 1, 2026

Call to order: The Clark City Council met in regular session on June 1, 2026, at 7:00pm in the City Hall Council Room.

Council Members Present: Shane Hagstrom (via Zoom), Jim Zeck, Brandon Kottke, Derrick Dohmann and Andrew Zemlicka. Melissa Nesheim was absent.

Others Present: Mayor Kerry Kline, Finance Officer Rae Jean Flora, City Attorney Chad Fjelland (via Zoom), Deputy Finance Officer April Fitzgerald, Police Chief Jeremy Wellnitz, Cassi Kottke (via Zoom), Todd Warkenthien (via Zoom), Public Works Superintendent Darin Altfillisch, Ron Bursch, John Pollock, Golf Club Manager Tammy Rusher, Belinda Hanson, Rene Herke, and Sarah Frankenstein (via Zoom).

Mayor Kline called the meeting to order at 7:00 pm.

Motion # 067-2026

Adopt Agenda

Motion by Zemlicka and seconded by Dohmann to adopt the agenda. Since Hagstrom is on Zoom, all motions were voted on by a roll call vote. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

Public Input

John Pollock said that a concerned citizen took a picture of him walking his dog without a leash and turned it into the police. He did have an electronic collar on the dog, but Wellnitz would like to see the words ‘electronic collar’ verbiage added to the city’s code book section 4.02.04, to make the leash law a bit clearer. The Council will have a first reading on the change to the ordinance, at the July meeting.

Hanson/Herke Neighbor Complaint

Hanson and Herke wanted to express to the council their unhappiness with the open hole between their homes, that used to be a basement, for the house that was torn down a few years ago. They feel like it is a hazard and an eye sore. They also have a grass and weed complaint. Since these are all a violation of city code, and the owner has had ample time to correct the problem with the open basement, as they were sent multiple letters from the code enforcement officer, and chose to ignore them; the basement will be filled in by the city crew. The weeds and grass will be a new violation and the city will begin the steps on this new violation and will make sure it is dealt with in a timely manner.

Department Updates

Flora's department updates consisted of Flora and Fitzgerald being gone June 9th through the 12th for HR school and Finance Officers School in Oacoma. The office will be open, with Tara Thomas substituting for them. Fitzgerald will be out of the office from June 22nd through the 29th with Flora being at a budget workshop on June 24th. Thomas will substitute in the office that day, also. Andrea Begeman, the pool manager, asked that Logan Seefeldt be bumped up to assistant manager, as they had two last year, and that worked really well. Krin Peterson was in an accident and was just released from the hospital last week. She has a broken leg and foot. Nesheim and the mayor have agreed that, if she is able she could work this summer, at the concession stand at the west ball field, since she is unable to work at the pool, this year. She will be paid minimum wage for that.

Rusher shared some concerns with mens and womens night. They had many complaints about people being at the golf club on these nights. After some trial and error, it was decided that only men or only women will be allowed on the COURSE on these respective nights, however, the CLUBHOUSE will be open to everybody, especially since they have such a large meal crowd, now, and because it is a municipal golf club and not a private one. The council would like to see a list posted at the clubhouse of those golfers that haven't paid and just go out and golf whenever they want. Since the club is a small one, the employees are not able to be out there policing it, so she is asking the council members, that golf and the mayor to mention it to the non-payers if they see them out there. There is a new sign and drop box going up at the golf club, for when it is not open and people still want to golf.

Altfillisch reported that the rubber mulch, which is what is in the big bags down at Dickinson Park, is slowly going in, they are, however, busy getting the pool running. The proposed date to start the road surfacing, on North Commercial and North Smith Street is June 22nd. Pool will be turned on Tuesday and if all goes well, they will open this coming weekend.

Public Input

Mario Guzman was present to speak about the issues he has seen personally and heard about from other citizens with e-bikes and e-scooters. Chief Wellnitz stated that there is no law on the books, as of yet. None of these bikes and scooters are powerful enough to require licenses. At this point they are asking parents to talk to your children and he is planning on hosting a bike rodeo where the police will speak to the kids and try to educate them on the safety aspects of riding these. He stated that it is not just the e-bikes and e-scooters but also regular bikes and scooter riders that are riding in a dangerous manor and nobody wants these kids to get hurt or worse. He stated that he would rather see them riding on the sidewalk than the streets, as long as they are not on the main street sidewalks. City Attorney Fjelland agreed with Wellnitz that education is very important in this matter and will work with Wellnitz anyway he can.

Angie Osterloh would like to add some color to our city in memory of Teresa (Teri) Cordrey. She asked permission to have her Bible school class decorate rocks for a rock garden, which would be movable, so it can go from park to park and, also decorate the fence at the swimming pool with ribbons, if that is something the council would allow. Everyone agreed that it would be very nice and a fun thing for the kids to do.

April Fitzgerald, speaking on behalf of Dennis Thompson, said that the city office received a complaint from him about the trailer houses out at the trailer park, behind the Airstay Motel and in front of his house. He said the doors are open and windows have been broken out. Semis have been parked there, blocking his access to his house. The council asked that April talk to our code enforcement officer and see what our next steps are with these trailer houses and to bring it back to the August meeting for further discussion and action.

Tammy Rusher asked if the police were ready for the parade on Saturday for Clark's 250th celebration of the nation. The parade participants will be lining up at 4:00 and the parade will start at 4:30.

Department Updates

Altfillisch reported that the road work is done and would like to finish North Commercial & Smith Street next year & eventually the whole town. Double yellow lines have been painted on main street and the council would like them enforced.

Ryan Eggleston talked to the mayor about the drainage behind his house and Altfillisch stated that they are waiting on the utilities before they start tearing out the trees and the fence, that are obstructing the drainage. Also, there is a fence on city property back there, that is not the city's, so that needs to be removed or the city will remove it. Fjelland stated that we should have a survey done and Altfillisch said that we did have one done last year, so Fjelland said to mark the pins with clearly visible markings and if the fence owner does not remove the fence from the land, send them a letter that states that if it is not removed the City will remove it for them. Altfillisch also said that the payload quotes have gone up considerably since he first started getting quotes and will continue to rise. When Jimmie Mora went to Brookings to take the driving part of his CDL, the semi broke down and had to be towed back to Clark. We will have to look at replacing both of these big ticket items, in the near future.

Wellnitz stated that the storm sirens are not working and he is looking into the options of fixing them versus replacing them.

Flora said that her and Fitzgerald have been going to different trainings this last month. Fitzgerald is keeping the Concession stands stocked. When Flora mentioned the budget training workshop that she went to, she also said that she will be starting to work on the budget for 2027, this month and will be calling on the council to help with the budget for their specific departments; so please talk to your people and find out what they need and what they want for next year.

Mike Olson was here last week and said the cleanup around town is going well. There are two properties in town, that have had multiple warnings, and if they are not cleaned up by July 15th, he will give the work order to the City crew to clean up those properties.

When it was Rusher's turn to talk about the Golf Club she said the busy tournament season is beginning this weekend with the Calcutta tournament. She thanked Altfillisch for the chloride they put in the parking lot and said that it really has cut down on the dust.

Motion # 085-2026

Approve Department Update

Motion by Hagstrom and seconded by Kottke to approve the department updates. All members voted yes. Motion carried.

Motion # 086-2026

Approve Special Event Liquor License

Motion by Dohmann and seconded by Kottke to approve the special On-Sale Liquor License request from the CCAC for a fundraiser for the construction of the new pool, in cooperation with the Clark Golf Club, during Potato Days on August 1st in the public parking lot between the Sportsman's and the Lookout, from 9:00 a.m. to 1:00 p.m. The Clark Golf Club will operate during normal business hours. All members voted yes. Motion carried.

Motion # 087-2026

Changing Credit Cards

Motion by Kottke and seconded by Hagstrom to approve changing the city's credit card company to Dacotah Bank, with card holders being Flora, Fitzgerald and Wellnitz. During discussion, Flora was asked why she wanted to change companies, she said there isn't a lot of difference between them, but the main reason, is with the mail system the way it is, the payments do not always get to the credit card company on time, there have been times she sent it nine days in advance and it hasn't got there in time. She tries to send them as soon as she gets them, but that isn't always soon enough, because of when the council meetings are and with the current mail system. With the Dacotah Bank card, we will be able to walk across the street and pay it. There is no annual fee. All members voted yes. Motion carried.

Motion # 088-2026

Approve bid from William Neale & Co.

Motion by Hagstrom and seconded by Dohmann to approve the bid from William Neale & Co. for our 2025 audit. All members voted yes. Motion carried.

Purchase of Equipment

Discussion was held about purchasing some equipment from Altfillisch. This is equipment the city crew has been using for about two years. The council decided they would like to look at the equipment and make sure the price was fair, therefore they tabled this decision until the August meeting.

Review Open Meeting Laws

Flora reviewed the open meeting laws with the council and answered questions from them. Per law, this is a requirement, but she feels that it is a very good thing to do annually.

Motion # 089-2026

Transfer of Lease

Motion by Kottke and seconded by Hagstrom to approve the transfer of the lease for the Clark pharmacy from Lewis Drug to Sanford Health and to authorize the mayor or the finance officer to sign the lease assignment. All members voted yes. Motion carried.
