

what we do

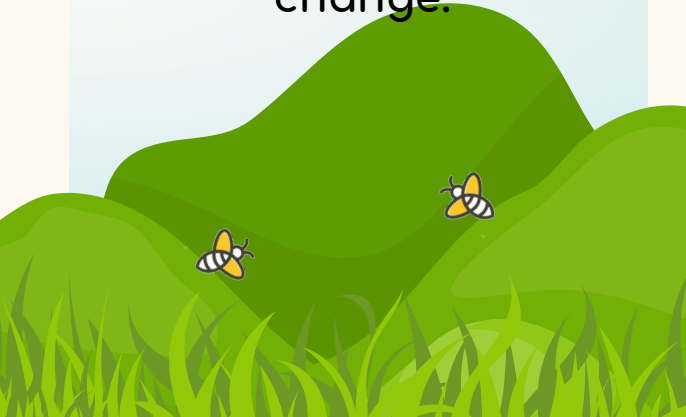

our mission is to meet the needs of the community by offering assistance to youth through a network of volunteers.

bee-ginning with: aiding children and teens who require counseling and psychiatric care with moral & financial support

let's bee:
hands that help, ears that listen, feet that go, people who love, and hearts that "beegin" change.

Who we are

a group of caring individuals coming together to serve our community.

what we believe

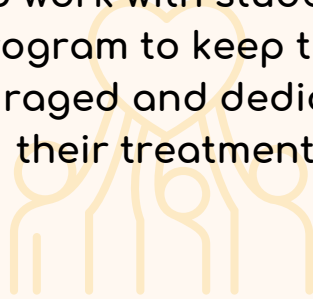

kindness begins individually and true change happens when we learn to serve others.

how to get involved

volunteer !

we need motivated individuals willing to work with students in our program to keep them encouraged and dedicated to their treatment.

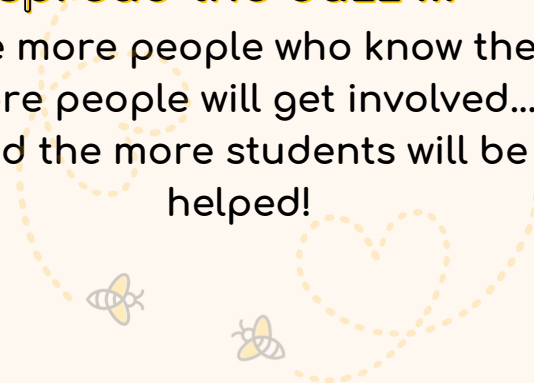

donate !!

we need funding to help provide support and services for as many students as possible.

spread the buzz !!!

the more people who know the more people will get involved... and the more students will be helped!
