Form 13 Revised May 2021

As the exact nature of the Institution of Freemasonry is unknown to you, it is deemed advisable that before signing the attached petition you should be informed on certain phases of that Institution, which may affect your decision to apply for membership therein.

Freemasonry has in all ages required that men should come to its door entirely of their own free will; not as the result of importunity nor from feelings of curiosity; but from a favorable opinion of the Institution, a desire for knowledge, and a sincere wish to be serviceable to their fellow creatures.

Masonry is a system of morality based on the belief in the existence of a Supreme Being, the immortality of the soul, and the brotherhood of men; therefore, no atheist can be made a Mason. It strives to teach a man the duty he owes to his God, to his country, to his family, to his neighbor, and to himself. It inculcates the practice of every virtue and makes an extensive use of symbolism in its teachings. It interferes with neither religion nor politics, but strives only after light and truth, endeavoring always to bring out the highest and noblest qualities of men.

The Masonic Fraternity is in no sense an insurance society; neither does it pay benefits in case of sickness or death. In a correct and broad sense, it is both educational and charitable. It extends such assistance only as it is willing and able to grant. It knowingly admits none to membership except those who are able to provide for themselves and those dependent upon them.
