## MINUTES FOR OCTOBER 13, 2017

SWRI LIBRARY - 6220 CULEBRA ROAD  
SAN ANTONIO, TX 78238

### I. CALL MEETING TO ORDER:

The meeting was called to order at approximately 10:20 a.m. by the LEPC Chairman Harold Lovejoy. Those in attendance introduced themselves.

### II. ATTENDANCE:

See attached list.

### III. CITIZENS TO BE HEARD:

None.

### IV. APPROVAL OF MINUTES:

Review and approval of the September 11, 2017 meeting minutes was postponed until the next meeting.

### V. FINANCIAL REPORT:

Paul Barrera, on behalf of John Hageman, reported on the financial statement created using a bank statement ending September 24, 2017. A copy of the full financial report was emailed out and is attached. To summarize October's statement, there was approximately \$40 in interest/dividends income; two contribution/reimbursement checks received from Bexar Metro 911 for \$10,360.00; and no checks written. The current balance \$63,259.73.

Projected expenses for next month's statement include department reimbursements for A&M Fire School training.

HEB has offered a \$1500 contribution to the Bexar LEPC. The contribution should be received soon and included on next month's statement.

**VI. OLD BUSINESS:**

Final TCEQ LEPC Grant status - Chairman Lovejoy advised that the community outreach trailer is complete and delivered last month. Currently looking for a place to temporarily park the trailer. The initial plan was to park the trailer at Helotes FD, but a capital improvements project on the nearby roads created a problem. A "wish list" for items to outfit the trailer was emailed to the committee. Still waiting on trailer's title paperwork to come in. Trailer will be brought to a future meeting.

**VII. COMMITTEE REPORTS:**

- a. HazMat Watchdog Committee: (Mike Parsons, William Johnston, Patrick Lewis, Emily Thompson, Ronnie Hernandez)

William Johnston, BCOEM, advised on 2 different gas line ruptures. One was in District 2's area off Potranco Road. The second one was in Hollywood Park.

Mike Parsons, SAFD Hazmat, advised on the runs they received over the past 60 days. He presented an incident map of the 21 hazmat runs. Mike discussed each incident as he highlighted them on the map. Mike reminded everyone that the runs he talks about, are when the SAFD HAZMAT team responds.

Mike Parsons advised on fentanyl and issues related to it.

- b. Training Committee: (Walt Daugherty, Patrick Lewis, William Johnston)

On January 8-10, 2018 TEEEX Annual Leadership Conference in San Marcos. Its free for first responders to attend, and continuing education credits TCFP & TCOLE are offered. Flyer handed out. Go to [www.teex.org/leadership](http://www.teex.org/leadership) for information.

- c. Facility Operator Liaison Committee (RMP/Tier II): (Willie Davis, William Johnston, Steve Diaz)

None.

- d. Exercise Committee: (Roger Pollock, Willie Davis)

None.

- e. Membership Committee: (Willie Davis, Kyle Coleman)

None.

f. LEPC Website: (Henry Gonzalez, Chair)

None.

g. THIRA Annex Q: (Jeff Dean, Chair)

Jeff Dean, SAOEM, advised on status of THIRA and the difficult conversion to the online form.

h. Community Outreach Committee: (Damon Shodrock, Chair)

Damon Shodrock announced that LEPC will have a presence at the SAFD Regional Health and Safety Fair on October 21, 2017 at the Wonderland Mall of the Americas. Calumet will be conducting fire extinguisher demonstrations. Damon asked for volunteers. Event Flyer information was handed out.

Damon Shodrock is waiting to hear from logo vendor, and pick-up where Lizette left off with logo creation.

There was a brief discussion about mascot ideas. Mike Parsons eagerly volunteered to wear a crispy taco costume and chase the puffy taco at the Missions games.

Chairman Lovejoy described the features in new LEPC trailer, its intended use options, and its capabilities. A next step will be for the executive board of the LEPC to come up with trailer rules, figure out usage requirements, and come up with marking ideas which may include sponsor logos.

**VIII. NEW BUSINESS:**

None.

**IX. ANNOUNCEMENTS:**

Chairman Lovejoy announced that the LEPC was awarded a \$2000 Helping Heroes grant from Flint Hills Resources/Koch. The presentation will be on November 13, 2017. More specifically, the grant was approved to purchase community outreach items, such as table covers, feather flags, etc.

**X. ADJOURNMENT:**

The meeting was adjourned at approximately 11:30 a.m. The next LEPC meeting is scheduled for Friday, December 8, 2017 at the Southwest Research Institute (SWRI) starting at 10:00 a.m.

# Officer Safety Alert

Drug Enforcement Administration

## Carfentanil: A Dangerous New Factor in the U.S. Opioid Crisis

Carfentanil is a synthetic opioid approximately 10,000 times more potent than morphine and 100 times more potent than fentanyl. The presence of carfentanil in illicit U.S. drug markets is cause for concern, as the relative strength of this drug could lead to an increase in overdoses and overdose-related deaths, even among opioid-tolerant users. The presence of carfentanil poses a significant threat to first responders and law enforcement personnel who may come in contact with this substance. **In any situation where any fentanyl-related substance, such as carfentanil, might be present, law enforcement should carefully follow safety protocols to avoid accidental exposure.**

### Officer & Public Safety Information

Carfentanil and other fentanyl analogues present a serious risk to public safety, first responder, medical, treatment, and laboratory personnel. These substances can come in several forms, including powder, blotter paper, tablets, patch, and spray. Some forms can be absorbed through the skin or accidentally inhaled. If encountered, responding personnel should do the following based on the specific situation:

- **Exercise extreme caution.** Only properly trained and outfitted law enforcement professionals should handle any substance suspected to contain fentanyl or a fentanyl-related compound. If encountered, contact the appropriate officials within your agency.
- **Be aware of any sign of exposure.** Symptoms include: respiratory depression or arrest, drowsiness, disorientation, sedation, pinpoint pupils, and clammy skin. The onset of these symptoms usually occurs within minutes of exposure.
- **Seek IMMEDIATE medical attention.** Carfentanil and other fentanyl-related substances can work very quickly, so in cases of suspected exposure, it is important to call EMS immediately. If inhaled, move the victim to fresh air. If ingested and the victim is conscious, wash out the victim's eyes and mouth with cool water.
- **Be ready to administer naloxone in the event of exposure.** Naloxone is an antidote for opioid overdose. Immediately administering naloxone can reverse an overdose of carfentanil, fentanyl, or other opioids, although multiple doses of naloxone may be required. Continue to administer a dose of naloxone every 2-3 minutes until the individual is breathing on his/her own for at least 15 minutes or until EMS arrives.
- **Remember that carfentanil can resemble powdered cocaine or heroin.** If you suspect the presence of carfentanil or any synthetic opioid, do not take samples or otherwise disturb the substance, as this could lead to accidental exposure. Rather, secure the substance and follow approved transportation procedures.

### Lethality:

Carfentanil is used as a tranquilizing agent for elephants and other large mammals. The lethal dose range for carfentanil in humans is unknown; however, **carfentanil is approximately 100 times more potent than fentanyl, which can be lethal at the 2-milligram range (photograph), depending on route of administration and other factors.**

2 milligrams of powder next to a penny.

## **San Antonio Fire Department**

### **Regional Health and Safety Fair**

**Wonderland Mall of the Americas**

**4522 Fredericksburg, San Antonio TX 78201**

**October 21, 2017**

**9:00 am to 1:00 pm**

**Poster Contest Ceremony 12:00 pm**

### **Free Admission**

Be our guest for a day of fun and safety! Demonstrations will be done by Regional fire and safety representatives to include...SAFD rescue and Hazmat teams, SAPD and other surrounding law enforcement agencies. Enjoy a ride on the antique fire truck, give a cheer for the winners of this year's poster contest and visit any of the health and safety booths at the event. Hope to see you there!
