

CAVIAR

Sweet & Sowers is excited to offer **caviar from Dorsia Provisions' private label** as an optional addition to Cooked-In Dinners, Dinner Parties, or simply for your own enjoyment.

Dorsia Provisions on their California caviar:

"White Sturgeon (*Transmontanus*) has a slightly firm but delicate texture with fine distinguishable roe. The flavor ranges from buttery to nutty with a touch of sweetness and can be compared to the taste of the Caspian sea wild Ossetra caviar

The goal was to create a luxury caviar brand that met their own high standards of quality as well as aesthetic beauty. Quality caviar must have a bright glossy color, fresh smell, uniformly sized eggs, and lightly salty flavor. Dorsia Caviar meets all of these criteria."

CALIFORNIA SUPREME WHITE STURGEON

30g	\$100
50g	\$170
125g	\$420
