FACIAL PLASTIC SURGERY CADAVERIC DISSECTION COURSE

27th-29th October 2025 Nottingham

PROGRAMME

This course offers an intense three-day programme using lab-based dissection on fresh frozen cadavers. Various techniques in rhinoplasty and aging face surgery will be discussed and demonstrated by world leaders in the field, and the delegates will practice these techniques on cadavers.

Our goal is to provide you with an excellent educational experience and familiarise our participants with common facial plastic surgical and non-surgical procedures.

COURSE HIGHLIGHTS

- Renowned international and national faculties in the field of facial plastic surgery
- Hands on step-by-step fresh frozen cadaveric dissection with minimal lectures
- Each delegate will receive course manual with clear practical surgical content and video demonstrations of injectable techniques
- One to one teaching by experienced faculty who are passionate teachers

Day 1 - October 27th

08:15 Registration
08:30 Welcome
08:35 Lecture – Rhinoplasty surgical anatomy
09:10 Approaches and soft tissue elevation
10:00 Septoplasty and Septal reconstruction

- Flap elevation, ANS fixation, Splint graft, Advanced techniques (sutures and grafts)
- Septal cartilage graft harvesting

11:00 *Coffee break*
11:20 Dorsal hump reduction
12:30 *Lunch break*
13:30 Osteotomy
14:30 Mid third reconstruction
15:30 *Coffee break*
15:50 Nasal valve and techniques
17:00 Closing remarks

Day 2 - October 28th

08:15 Arrival and coffee
08:30 Lecture: Preservation rhinoplasty – An Overview
09:00 Tip suturing (Basic and Advanced)
10:00 Tip projection modification
10:45 *Coffee break*
11:00 Tip Grafts (Basic and Advanced)
12:00 *Lunch*
13:00 Otoplasty
15:00 *Coffee Break*
15:20 Conchal cartilage and Costal cartilage graft harvesting and Dorsal reconstruction
17:00 Closing remarks

Day 3 - October 29th

08:15 Arrival and coffee
08:30 Lecture – Facial Flap basic principles
09:30 Advancement and transposition flaps
10:30 Rotation flap
11:00 *Coffee break*
11:10 Paramedian Forehead flap
12:10 *Lunch*
13:00 Naso-labial flap
15:00 *Coffee break*
15:10 Pinna reconstruction
16:30 Concluding remarks, Feedback and Certificate distribution
