

Adult Floral Workshop Offerings

Botanical Apothecary Bottles

Learn about the meanings behind different flowers & botanicals, and mindfully pair them with gemstones to create a custom blend in a vintage-style bottle. A great way to capture intention or as a reminder of a personal goal – or to simply look beautiful! Guidance is provided, but meanings are left up to the individual.

All dried elements provided are our own, and have been dried naturally without dyes or preservatives.

Available year-round.

Floral Design

Whether you're looking for something beginner-friendly, a fun challenge, or want to learn some sustainable techniques, each floral design workshop is tailored to your goals and/or theme.

Available during our growing season (July-October)

Flower Crown Making

Everything is more fun in a flower crown! This fun and creative workshop will bring out your inner forest nymph. Several styles available.

Available during our growing season (July-October)

Bloom Bar (Build Your Own Bouquet)

BYOB gets a new meaning! The Bloom Bar allows your guests to select individual stems to build their own paper-wrapped bouquet. A fun, hands-on activity for celebrations, meetings, & corporate events.

Available during our growing season (July-October)

Customized Workshops

Have a specific design concept you'd like to learn, or an out-of-the-box idea? We specialize in sustainable floristry techniques & utilizing locally-grown flowers, and would be happy to customize an experience for you.

Participant minimum may apply to any workshop.
