Digital Geo-Energy
Future Using Tech As
a Force For Good

Executive Summary

ENHEROES GLOBAL ENERGY is raising **20.0 million Ringgit** Seed Fund via mix of Equity & Debts to commercialize **World's 1st Carbon Neutral SuperKit**, A Sustainable Utility Innovation that can help Corporates achieve Sustainability & Empower the ASEAN Geo-Energy Community.

*1USD@4.56MYR

Business Overview

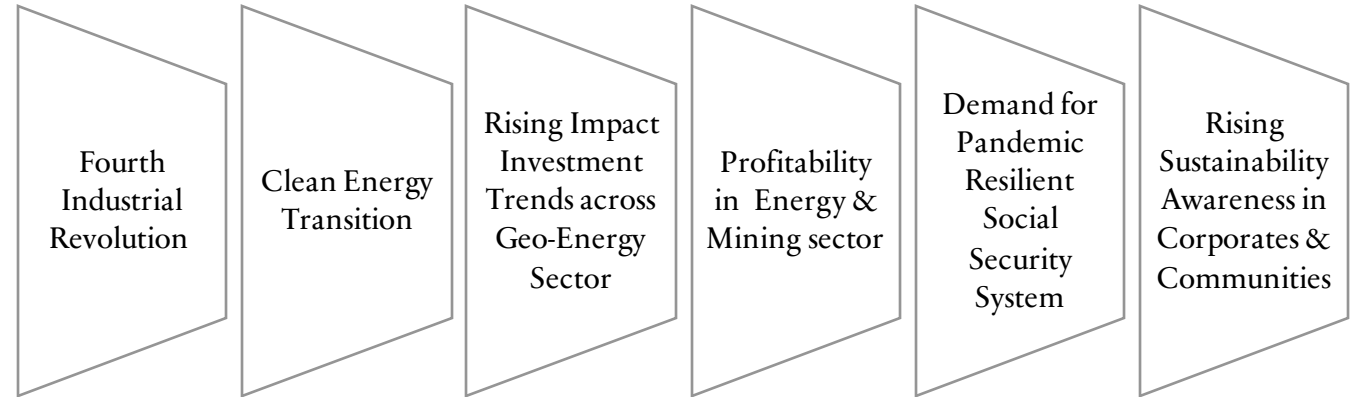

Problem Statement

Climate Change & Social License to operate together have led to the burning issue of Environmental Justice across Geo-Energy sector affecting billions of dollars but no comprehensive solution exist till date.

Solution by ENHEROES

ENHEROES is Asia's first DeepTech Impact Startup to commercialize a Revolutionary multi-purpose Carbon Neutral Super Kit to drive Environmental Justice across Geo- Energy sector while propelling sustainable innovations & facilitating Tech enabled Equitable Education resulting Socio-Economic Empowerment.

Strategic Thrusts for ENHEROES SUPERKIT Project

In July 2022, US Senate bill provides **\$369B** for clean energy to fight climate crisis, with historic support for Clean-Tech Innovations focusing Sustainability

Our current mission aims to make ENHEROES SUPERKIT accessible & affordable across ASEAN+ region so that foundation of an inclusive & connected Digital Society could be laid to co-create a Sustainable Digital Ge-Energy Future resulting a cooler earth.

Product Overview

Kindly Refer to Technical Information Brochure for more details

Meet ENHEROES SUPERKIT

WORLD'S MOST SUSTAINABLE UTILITY INNOVATION ACROSS GEO ENERGY

1

A Multi-Purpose Scalable Green Hydrogen Production & Storage System to enable Carbon Neutral Digital Environments On-Demand.

2

A Super Console with Advanced Sustainable Tech Gadgets to boost Business & Intellectual Productivity

3

An AI enabled immersive Super App unlocking a Responsible Geo-Energy Economy with Sustainability as a Service.

Currently It's one of the Smartest Sustainable Productivity Booster & Urban Resilience Package in the world

- **Fulfills a range of unmet latent Sustainability needs of Geo-Energy Sector but adaptable to any Industry Sector**
- **Available in budget & premium Subscription mode for retail & enterprise customers.**

Product Utility & Working Mechanism

Kindly Refer to Technical Information Brochure for more details

Potential Use Cases of the Super Kit

LEARNING | **BLENDED INTELLECTUAL ENGAGEMENT** | BUSINESS

SEAMLESS COLLABORATION USING EXTENDED REALITY (AR/VR/MR) | ASTRAL PROJECTION INTO VIRTUAL WORLD WITH ADVANCED HOLOGRAPH TECHNIQUES

Remote Business Operation | DE-STRESS|REJUVINATE|SELF REFLECTION

CREATIVITY | TECHNOLOGY | BUSINESS

Agility of ENHEROES SUPER Kit

WORLD'S FIRST ON DEMAND IMPACT BUSINESS CORRIDOR

Concept of a Personalized Convertible Mobile Digital Home Office Set up

Residential | Virtual World | Business | Socialize | fun | Real World

Convertible mobile Workplace

Pack & Go | Unpack & Work | Commercial

Utilising the latest, futuristic patent pending technology

Pandemic-resilient

Transformational

Subsidised home computing labs and innovation kits

Affordable

Career security assured

World-class curriculum comprising holistic growth

OUR SOLUTION
A Smart, Autonomous, Immersive Executive Super App Accessible via Desktop, Mobile Tablets & OTT(web) & Personalized Consoles

ENHEROES GeoEnergy SuperApp
An industry first application of Responsible Technology to achieve Corporate Sustainability.

TRANSFORMATIONAL PRODUCT
Smart, Secure & Autonomous & Intelligent

Conceptual Prototype is Ready for Demo
The working MVP is ready for live testing

Incorporation of DeepTech - Digital Twin - Real Time Engagement Technology

OTT based Digital Twin
Enabling you to experience real life virtual representation of the real world

Work with open platform Device
Integrate with user's existing personal and professional devices

5G Ready IoT enabled Super Computing rig devices
For a superior Cyber Super Computing experience

The Big Idea

ENHEROES Carbon Neutral Super Kit

* Most Sustainable & Impactful Utility Innovation Kit of Future enabling environmental justice

* Claim based on official confirmation of novelty Patent Pending Sustainable AI System developed by ENHEROES

ENHEROES carbon neutral super kit is a Utility Innovation tool with collection of essential sustainable computing devices & gadgets integrated with a smart Super App helping users to **discover, design, develop & deploy** numerous **Executive Productivity** solutions in one place in a responsible manner using the SUPERKITs as a connected AI platform for Intellectual Asset Farming. In other words, it is a singular resource unit that offers multiple solutions related to Intellectual & Business Growth under one roof focusing **Carbon Neutrality & Sustainable Community Development**. **No such comprehensive productivity tool with so many Business-Social-Environmental value added features exist across Geo-Energy Sector yet.**

ENHEROES has developed an **Impact Driven DeepTech Platform** where **Business & Society Co-benefitted & Prosper Together by purposeful engagement of Community of Practices to deliver Environmental Justice** .

ENHEROES is offering an industry first **Executive Super Kit** which can enable **Corporates, Educational Institutions & Communities to collaborate & engage** for facilitating equitable learning & career development opportunities while championing a Carbon Neutral Future.

ENHEROES is following an Impact business model called **Doing Well by Doing Good** a fundamental principle of achieving **shared Carbon Neutral Prosperity & Environmental Justice**.

Meet ENHEROES SUPERKIT; WORLD'S MOST SUSTAINABLE UTILITY INNOVATION ACROSS GEO ENERGY

This SUPERKIT is world's most advanced sustainability & Environmental Justice enabler across Geo-Energy promoting Green Hydrogen & Sustainable Computing together with better cost efficiency & easy financing options in form of a Portable yet Scalable Consumer Tech Product.

The SUPERKIT with its advanced patent pending AI technology can be able to automatically earn & pay essential utility & household bills through an AI powered Smart & secure Digital wallet on behalf of its Owners allowing users to spend more time on skill development, problem solving, creative thinking, Entrepreneurial aptitude development for incubating high impact solutions aimed at delivering Environmental Justice in local communities.

It is accompanied with a smart Urban Mobility Card

enabling members to access various Fuel-Cell-Electric – Vehicles on-demand with super saver plans.

The Super Kit enables integrated access to Digital Twin Super University chain, a Digital Twin Global Tech Summit Platform & world's 1st Community led Green SuperComputing Grid being developed by ENHEROES.

It comes with "ENHEROES ONE" privilege membership card unlocking unlimited access to premium services available at Smart community led mixed residential Hubs to be commissioned by ENHEROES from 2024 onwards.

It comes with an innovative Peer Social Responsibility Reward scheme where the owners shall buy & lease back the SUPERKITS to ENHEROES to be commissioned in its special purpose projects & create long term stable Earning & Rewards for themselves & improving the standard of living of the less privileged community.

WHY ENHEROES SUPERKIT IS THE MOST UNIQUE CONSUMER TECH PRODUCT BLENDED WITH BUSINESS & SOCIAL VALUES ACROSS GEO-ENERGY?

- It comes with an innovative **Peer Social Responsibility** scheme where the owners shall buy & lease back the SUPERKITs to ENHEROES to be commissioned in its special purpose projects & create long term stable income opportunity for themselves & improving the standard of living of the less privileged community.
- It comes with most advanced sustainable gadgets & devices in the world supplied by leading industry partners & in-house OEM production with affordable pricing schemes.
- It comes pre-loaded with leading Industry Software & Applications On-Demand with free trials & subsidized license for educational & commercial usage.
- It includes assistive technology solutions for persons with disability imparting digital equity among communities.
- It comes with a universally accepted exclusive privileged membership card to pay utility bills with Zero interest instant credit & loan facilities while enabling complimentary access to premium upcoming facilities*
- It incentivizes users with cash & Redeemable Responsible Stewardship Reward Points via Smart Digital Wallets for adopting products related to Circular Computing & adopting responsible practices linked to circular economy.
- It can offer users multiple channels of extra income and empowers them with innovative career innovation & Career insurance solutions.
- It is easy to use & convenient to carry/ transport & built of most sustainable materials following circular economy guidelines.
- It comes with 1GBPS plus Ultra-High-Speed fiber optics & 5G based unlimited Super Saver Data Plans provided by leading local data service providers & international telecom agencies.
- It incorporates a Super Saver Scheme exclusively for its owners on Air Travel trips both on Business & Recreation Purpose.

+

Most Notable Productivity Utilities of ENHEROES SUPERKIT

- It provides one of the most advanced digital environment for experimental learning & sustainable innovations.
- It can power Data centers Home-Corporate-Educational Establishments of any size, 24/7 uninterruptedly off the Grid using Ultra Dense Regenerative Fuel-Cell Li-ion Battery system at affordable pricing.
- It can be operated from any part of the world leveraging on advancement of 5G & IoT infrastructure.
- Its AI powered Super App offer an immersive environment to build innovative products & solutions.
- It has a green supercomputing node & an immersive AI super console integrated to it
- It can enable carbon neutral Geo-Energy business & intellectual productivity services to be available at an ultra-low cost of 1.5 euro /Kg of green hydrogen from 2023 onwards via industry partners.*
- It has its own hydrogen based clean energy production & storage system making it one of the most self-efficient sustainable utility innovation tool across geo-energy sector.
- Its officially recognized by WIPO as a novel & commercially viable utility innovation with a patent pending ultra-smart AI operating system at its core.
- It makes work from home more efficient & productive with built in remote Digital Workspaces perfectly suited for future Pandemic lockdown situation.

○

Most Notable Impact features of ENHEROES SUPERKIT

- It can fill digital equity gaps across Startup & Gig ecosystem around Geo-Energy sector.
- It can make Green Personalized Super Computing affordable & inclusive.
- It can be used as an edge computing cluster to catalyze urban sustainability in smart cities.
- It utilizes Single Board Computer Clusters (SBCs) as building blocks of Hyperscale Supercomputing facilities & Data Centers making them enabler of Sustainable Smart Cities.
- It can be an enabler of sustainable mobility & zero emission Transportation.
- It can help significantly reduce carbon emissions resulting in Net Carbon Neutrality.
- **Responsible Stewardship Reward schemes linked with SUPERKIT subscriptions can induce an irreversible responsible behavior** within communities & corporations that can ultimately help governments achieve Net Zero Mission 2050 & Environmental Justice.
- ENHEROES SUPERKIT is designed to be the most Sustainable Smart City empowerment tool of future.

The SUPERKIT will be available for Pre-Order both in Premium & Budget pricing mode with exciting early backer offers.

Much like the **Tesla Vehicles**, the Integration of Advanced Accessories with the AI Powered Digital twin Super App can make **ENHEROES Super Kit** to be the most Sustainable & value-added Utility Innovation across Geo-Energy Sector.

Decoding ENHEROES Ultimate Carbon Neutral Super Kit

What does it include?

- Personalized Sustainable Computing Devices & Tech Gadgets fueled by 5G & IoT optimized to work from anywhere.
- Edge Supercomputing Clusters
- 100% Clean Energy generator & storage unit powered by Green Hydrogen.
- Digital Wallets & XR Workspaces.
- Integrated Super App with an Industry First Responsible Artificial Intelligence driven Operating System.

*Details of SUPERKIT features & potential impact/utilities shall be revealed during upcoming ENHEROES ICT TECHNOLOGY SHOWCASE & IMPACT INVESTOR ROADSHOW EVENTS starting mid Sept 2022.

Potential Industry Use Case

Business Application

1. The SUPERKIT Can be used as an **Intellectual & Business Productivity Enhancement Tool** Across Geo-energy Industry

- Smart OnDemand Mobile Offices
- DeepTech Innovation Labs
- Experimental learning & Sustainable innovations

Impact Utility

- Digital Divide
- Equitable Education
- Green Energy
- Urban Resilience

ENHEROES shall commission a chain of Hydrogen powered Geo-Energy Digital Impact Parks to fuel Sustainable Innovations & Environmental justice across ASEAN + region with Carbon Neutral Digital Infrastructure.

• In line with the Malaysia Government's MyDIGITAL initiative to **create an inclusive digital society across ASEAN region.**

• An **enabling tool for the implementation of ICT toward SDGs** covering socio-economic development projects

Industry Use Case 01:

SuperKit can be used as an intellectual & Business Productivity Enhancer

The Superkit Can Fuel Tech Startups Across Geo-energy Industry in line with [Malaysia Digital Vision](#) OnDemand Anywhere.

Interactive & immersive Super Apps & Console

Enterprise Grade Drones

High End Laptops & Mobile Workstations

Smart Wellness Monitor

Edge Computing Super Cluster

360 Degree Ultra HD Camera

Haptic Suits & Gloves

Assistive Technology Equipment

Ultra High Speed Internet Connection based on 5G & Fiber Optics Plans from local & global data connectivity providers

Enterprise Grade 3D Printers

High Performance Portable Workstations

Extended Reality Headsets

Green Hydrogen Power Kit

Ergonomic Chairs & Smart Desks

Industry Use Case 02:

THIS CARBON NEUTRAL SUPERKIT ENABLES ACCESS TO A DIGITAL TWIN TECH SUMMIT PLATFORM

Carbon Neutral Digital Twin Summits & Expo

ENHEROES TechSparkGeo

A Global Technology Summit Platform to Facilitate global engagement of Business Leaders, scientists & innovator community across industries to unlock Geoscience values combined by SDGs, Digital Transformation & Clean Energy Transition

5G

5G

We have plans to build the world's largest network of community-led Super Computer Grid around Geo-Energy in order to make it a world-class computational facility which leverages on the advancements in 5G and Cluster Computing.

Industry Use Case 05:

THIS CARBON NEUTRAL SUPERKITS ARE THE BUILDING BLOCKS OF DIGITAL TWIN IMPACT PARKS

Community Led Open Research & Innovation Center focusing Sustainability

The High-Level Workflow

How **Action for Environmental Justice Mission** will drive Geo-Energy Community to champion sustainability Leveraging on the Power of SuperKits?

ENHEROES organizes Environmental Justice Centric Training, Research, Ideation, Brainstorming & **Design Thinking hackathon Workshops** to build a pool of highly valued Sustainable Program Ideas at its Geo-Energy Digital Impact Parks.

ENHEROES Impact Angels Review , Back & Subscribe worthy Pilot Program Ideas.

ENHEROES designs innovative Environmental Justice Centric Pilot Subscription Programs leveraging on its SUPERKITS.

ENHEROES develops, deploys & measures ESG impacts of the Pilot Programs on its Platform.

If the intended impacts are achieved in the Pilot program, then the program wallets automatically receive funds & Partner Resources to scale the programs as mentioned in the Smart Contracts from Corporate & Community Impact Angels.

If the Pilot programs can not demonstrate the proof of impact then they are sent for expert evaluation panel for program redesign or program closure.

Large Scale Environmental Justice could be attained co-benefitting all stakeholders of the Program. The SUPERKITS will provide the necessary digital environment & intellectual resources to the communities to undertake the Mission.

The novel AI system in the backend learns how to build better programs & becomes autonomous using Smart Contracts & Kubernetes over time. It can eventually optimize the available resources autonomously building low cost & highly impactful programs fueling Environmental Justice.

Why ENHEROES is focussing Geo-Energy?

Geo-Energy is a fast evolving sector that combines Geoscience Technology with Energy & Natural Resource Business. Due to megatrends like Digital Transformation, NetZero 2050 & Clean Energy Transition it is undergoing a massive change & a lot of business opportunities are being available to create & share wealth. With more than 10 Trillion USD worth market value Geo-Energy sector is the driver of global economy & with ENHEROES Super Kit there is a chance for everyone to contribute & share the Mega opportunities across Geo-Energy.

ENHEROES Super Kit project shall empower executives & leaders across GeoEnergy sector to co-create business profitability & social progress while protecting the planet, a first of kind corporate sustainability solution in its segment propelling Doing Well by Doing Good philosophy.

ENHEROES is going to create history.

Leveraging on the power of its Super Kit, It has built the prototype of World's most Sustainable On-Demand Tech Summit Platform around Geo-Energy Sector

What will make TechSparkGeo the most Sustainable Geo-Energy Tech Summit Platform in the world?

1. 100% Sustainability Centric Tech Summits around Geo-Energy
2. 100% Carbon Neutral Digital Infrastructure
3. 100% Financial Sustainability of ENHEROES Community

TechSparkGeo aims to build an empowered startup ecosystem across Geo-Energy industry using its novel Patent pending Artificial Intelligent Technology officially validated by World Intellectual Property organization(WIPO).

TechSparkGeo shall offer premium On-Demand Scientific Research & Executive Productivity Services around Geo-Energy using an OTT platform model integrated with latest gadgets from our technology partners.

TECHSPARKGEO is a blend of edX ,TEDx & Netflix around Responsible Geoscience Research & Innovation Marketplace

With a key trending impactful technology & business themes ENHEROES is set to fuel the Sustainability Agenda across Geo-Energy sector. The Carbon Neutral Super Kits shall provide the On-Demand Green Digital Infrastructure for the Group Business Operations led by ENHEROES Community Members.

Key Focused Technology Themes

- 5G
- AI & ML
- Automation
- Big Data Analytics
- Blockchain
- Cloud Computing
- Edge Computing
- Cyber Security
- Drones & Autonomous Vehicles
- Extended Reality (AR/VR/MR)
- 3D modelling & Visualization
- Internet of Things (IOT)
- Nano Technology
- Quantum Computing
- Robotics
- Data Science
- Nuclear Fusion Technology
- Wearable Devices
- Digital Twin & Metaverse
- Decarbonization
- Geospatial Technology
- Energy Storage Technology

Key Target Industry Sector Themes

- Exploration Geoscience
- Development Geoscience
- Production Geoscience
- Reservoir Geoscience
- Mining Geoscience
- Airborne Geophysics
- Marine Geoscience
- Near Surface Geoscience
- Geochemistry
- Geo-Tectonics
- Oceanography
- Geothermal Energy
- Hydrogen Economy
- EV & Sustainable Mobility
- Carbon Capture & Storage(CCS)
- Shale Geoscience
- Space & Atmospheric Geo-Science
- GeoData Management
- GeoHazard Management
- Disaster Management
- GeoMechanics
- Decommissioning

Executive Program Contents like "Significance of Geoscience in Clean Energy Transition & Carbon Neutrality" Shall be part of ENHEROES SUPERKIT SUBSCRIPTION PLAN.

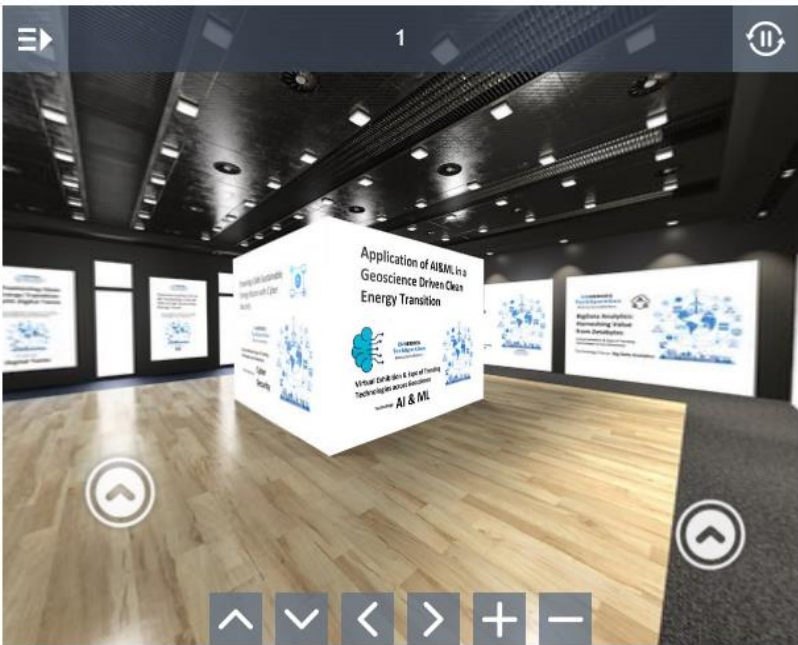

What are the top benefits of attending Executive Program on "Significance of Geoscience in Clean Energy Transition & Carbon Neutrality"?

As a responsible partner of Clean Energy Transition ENHEROES is going to launch an Executive Program on Significance of Geoscience in Clean Energy Transition & Carbon Neutrality **for the Super Kit Subscribers** at **TechSparkGeo** during its PoC.

Here are its top ten benefits

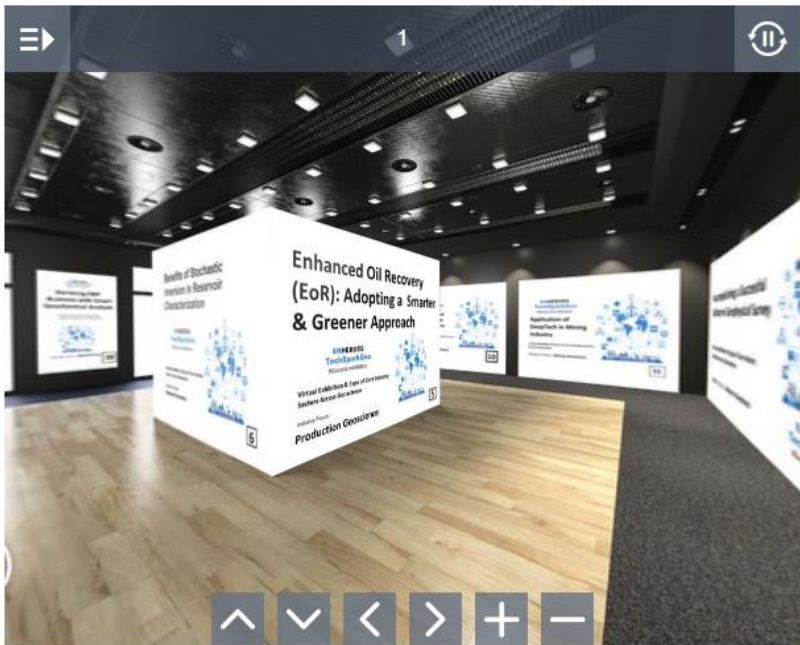

- Reviewing the Significance of Geoscience in Clean Energy Transition & Carbon Neutrality using innovative technologies from emerging startups & Industry leaders in a series of Forum discussions, Technical Presentations & Plenary Sessions.
- Analyze and summarize the current status, development trends and existing problems of Clean Energy production, Storage & Distribution from ongoing studies across the world through use cases demonstrations at specially curated conferences & exhibitions.
- Attend & conduct Masterclasses on reskilling Geosciences for Clean Energy Transition & Low Carbon Economy at foundation & advanced level by working on Capstone Projects.
- Watch & Participate in Live Panel Discussions between Industry influencers & tech leaders around Geosciences & Clean Energy Sector.
- Watching a series of Keynotes Speeches from Startup Founders & Corporate leaders.
- Attend & moderate Mentoring sessions with fellow Industry Domain Champions.
- Get Networking with Global Industry leaders & Academic professionals.
- Participate in Live/Recorded showcase of innovative Solutions in Exclusive Cohorts.
- Publish & share Startup Journey & Industry Success Stories with Peers.
- Watching In-Person Interviews of Startup Founders, Academicians & CXOs on Trending Themes of Geoscience in Clean Energy Transition & Carbon Neutrality.

Access to Immersive EXPO & SUMMITS on "Trending Digital Geo-Energy Technology & Industry Themes" Shall be part of ENHEROES SUPERKIT SUBSCRIPTION PLAN.

Geo-Energy & Sustainable Development Goals 2030 Tracks

- GOAL 1: No Poverty:** How Geo-Energy sector is helping in financial inclusion of less privileged communities in developing nations?
- GOAL 2: Zero Hunger:** How can Geo-Energy sector is helping in building a world without hunger & malnutrition?
- GOAL 3: Good Health and Well-being:** How Geo-Energy sector is ensuring Good Health & Wellbeing of less privileged communities?
- GOAL 4: Quality Education:** How Geo-Energy sector is helping in championing equitable education?
- GOAL 5: Gender Equality:** Mapping Contribution of Geo-Energy sector in Bridging Gender Gaps
- GOAL 6: Clean Water and Sanitation:** Making equitable access to Clean Water and Sanitation with the help of Geo-Energy sector.
- GOAL 7: Affordable and Clean Energy:** How Geo-Energy sector ensuring an inclusive clean energy future?
- GOAL 8: Decent Work and Economic Growth:** Role of Geo-Energy sector in socio-economic empowerment of communities?
- GOAL 9: Industry, Innovation and Infrastructure:** How Geo-Energy sector propelling Industrial Innovation & resilient infrastructure development?
- GOAL 10: Reduced Inequality:** Is Geo-Energy sector helping in reducing inequality?
- GOAL 11: Sustainable Cities and Communities :** How Geo-Energy sector catalyzing in building smart & sustainable cities and communities.
- GOAL 12: Responsible Consumption and Production:** How Geo-Energy sector has emerged as a leader in practice of Responsible Consumption and Production
- GOAL 13: Climate Action:** How Geo-Energy sector is leading global Climate Action Movement?
- GOAL 14: Life Below Water:** How Geo-Energy sector is protecting aquatic ecosystem?
- GOAL 15: Life on Land:** How Geo-Energy is protecting Biodiversity?
- GOAL 16: Peace and Justice Strong Institutions:** How Geo-Energy sector support communal harmony & justice?
- GOAL 17: Partnerships to achieve the Goal:** How Geo-Energy sector can champion collective impact?

Geo-Energy Industry Tracks

- Exploration Geoscience-Championing frontier Basins : An Explorationist Perspective**
- Development Geoscience-Key Aspects of Post Drill Procedures from Geophysical Lens**
- Production Geoscience-Making Enhanced Oil Recovery Smarter & Greener**
- Reservoir Geoscience-Benefits of Stochastic Inversion in Reservoir Characterization.**

ENHEROES Executive SuperKit Subscription Exclusive Privileges & Benefits

Executives

- Exclusive access to UPCOMING ENHEROES DIGITAL TWIN SUPER UNIVERSITY CAMPUS PREMIUM FACILITIES.
- Priority access to future ENHEROES hosted Executive programs & Digital Summit Events at discounted rates.
- Higher referral reward Points redeemable at ENHEROES Digital Platform & its partner's websites.
- Priority access to industry leading programs & courses worth thousands of dollars free of charges.
- Exclusive access to ENHEROES Global Digital Resource Hub an upcoming Digital Content repository similar to GitHub.
- Life time delivery of premium learning contents free of charges.
- Priority Access to upcoming ENHEROES Super Consoles.
- Build business connection through Networking , Workshops & Panel discussion Events
- Get access to Career Innovation & Mentoring Facility.
- Exclusive access to upcoming ENHEROES Super Summit Platform & Participate in Global Conferences/Exhibitions.
- Exclusive Opportunity to join a Global Community comprising of Innovators, Entrepreneurs, Academicians, Investors & Industry thought leaders.

**ENHEROES holds the final rights to grant of membership.
**Campaign period is active until further notice.

Talents & Recruiters

- Priority access to our Executive Hiring & Global Talent Pool services.
- Exclusive access to ENHEROES Career Counselling & Project Room Facility.

Startup Founders

- Showcase innovative product/services in specially curated Digital Roadshow events.*
- Apply to the Upcoming ENHEROES Digital Impact fund.
- Future access to financial services offered by our Industry Partners.

On top of this our **Early Subscribers** shall receive special gifts sponsored by our corporate partners as extra Bonus.

Subscription

Independent Consultants

- Offer new Product/Service Innovation programs.
- Join ENHEROES Digital Platform as Partners/Instructors.
- Invitation to be Program & Event Curator for ENVERSIY.

Investors

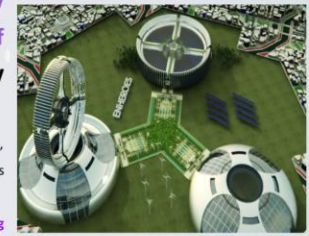

- Exclusive invitation to participate in upcoming **ECF(Equity Crowdfunding)** , **IEO(Initial Exchange Offer)** on Crypto Assets of ENHEROES. **SPAC(Special Purpose Acquisition Vehicle)***
- Exclusive access to early startup investment Opportunities led by ENHEROES and its partner network.*

Press & Media Coverage about ENHEROES

Among the several press coverage thus far, we are proud to mention our first international media coverage by a reputed tech journal in Asia – Asia Tech Journal, a South-East Asia focused tech and innovation media platform.

Featured for the Digital Twin Super University project, the article can be perused by clicking on this link.
<https://asiattechjournal.com/enheroes-this-deeptech-startup-is-channelizing-digital-energy-for-accessible-education-and-sustainability/>

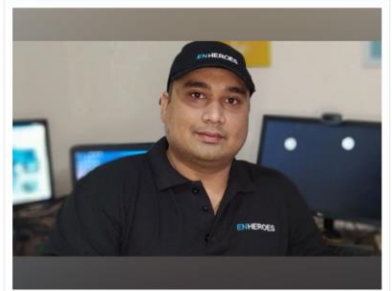

YOURSTORY

[Pivot and Persist] How this deeptech startup is using AI, XR, blockchain to move its executive education business online

Enheroes is a deeptech startup that is looking at enabling executive education business to become equitable and pandemic resilient using its patent-pending invention a work from home super console – Digital Twin.

ENHEROES has gained international media attention for its industry first impact focussed DeepTech projects. Some of the press coverages are listed in Yahoo Finance, YourStory, Startup Times, Business Standard and many more.

ENHEROES

IMPACT ANGEL EARLY BACKER PROGRAM

Impact Angels back & support early stage ESG focussed Startups that aim to create Large Scale Sustainable Impact.

Without Impact Angels the World Can never be a better place.

“Sustainability is ultimately about taking responsible actions today to create better opportunities tomorrow for our future generations.”

Five traits that make Impact Angels to be Key Leaders of Sustainable Community Development

PHILANTHROPY

Impact Angels believe in Philanthropy instead of conventional investment philosophy. They invest & actively support early stage of Impact Startups that aim to create Sustainable Impact following ESG principles at personal & corporate level.

EMPATHY

Impact Angels recognize and respond to the socio economic distress of the community members. Instead of showing Sympathy they take empathetic actions in solving its root problems & empowering the community.

OPENNESS

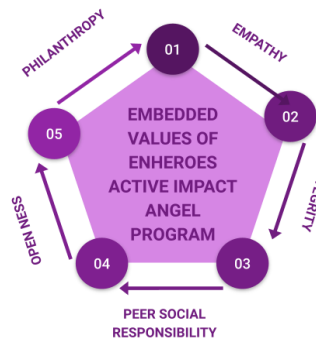

Impact Angels advocate innovation & embrace new technology business trends instead of following the Status Quo.

INTEGRITY

Impact Angels truly believe in taking responsible actions today for creating better opportunities of tomorrow instead of Impact Washing or Vague Branding.

PEER SOCIAL RESPONSIBILITY

Impact Angels follow Peer Social Responsibility at the core of their heart. They support the founders of Impact startups through active mentoring & coaching. They back community development projects that aims at socio-economic empowerment of less privileged peers in the community.

ENHEROES

01

Active Impact Angels own ENHEROES franchise & finance the Super Kit to be used by its less privileged yet qualified & eligible community members such as unemployed graduate students and women professionals. The SuperKit can enable them getting professional engagement opportunity through impact operations of ENHEROES Group Business units.

HOW ENHEROES ACTIVE IMPACT ANGEL PROGRAM CAN FUEL SUSTAINABLE DEVELOPMENT & FINANCIAL EMPOWERMENT OF GEO-ENERGY COMMUNITY ?

02

The beneficiary members **pay back** the cost of Super Kit to the Impact Angels over a period of time through **multiple earning channels of ENHEROES Super Kit** integrated in its Super App.

03

Active Impact Angels **receive Responsible Stewardship points inside the Digital Wallet of the Super App** for contribution towards Enablement of **Digital Equity & Carbon Neutrality** mission through their active leadership involvement in building a **shared Impact Business Corridor**. The reward points could be redeemable at ENHEROES Marketplace & Partner sites.

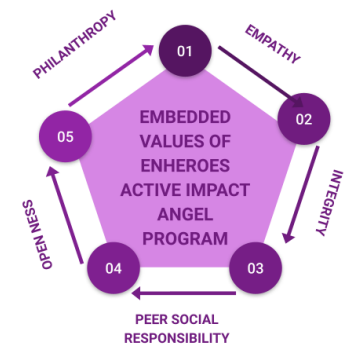

04

With each Super Kit there is a possibility of **financial empowerment** of 100 community members into **better livelihood with access to better earning, learning, innovation & Startup resources**. So 1K Super Kits can touch lives of **1. Lach** community members.

05

The Super Kit Scheme helps in development of an Self-Sustainable empowered community & makes Sustainable Computing more accessible & sets Peer Social Responsibility to be part of a Responsible Corporate Culture.

This **"Doing Well by Doing Good"** business model has been adopted by many parts of world in many sectors now being implemented first time around Geo-Energy Sector by ENHEROES.
