

Welcome to the 2022-2023 Yorba Linda High School Men's Basketball Program!

The Yorba Linda High School Men's Basketball Booster Club is a non-profit organization of volunteer parents dedicated to supporting the members of the YLHS Men's Basketball Teams. Our primary function is to support all basketball team levels, players, and coaches at Yorba Linda High School by raising funds critical to a successful program, organizing events for that purpose, and promoting a "basketball family" environment. As you may know, school districts in California cannot provide all of the necessary funds to support a top-level high school basketball program. Our mission and goal are to provide Coach Pietsch, his staff, and our players with the resources, activities, and financial support needed to make this year an enjoyable and memorable experience for our sons and everyone.

Your son's participation and membership on a Yorba Linda High School Basketball team automatically includes you as an essential part and member of the YLHS Men's Basketball Booster Club, so welcome to the family!

The Booster Club assists in entirely or partially funding a number of needs including but not limited to:

- Coaches stipends (The district gives us funding for limited coaching, and the remainder is paid for by the Booster Club. This is our most significant expenditure.)
- Equipment (practice balls, training equipment, weight room, supplies, etc.)
- Game uniforms (The district no longer provides uniforms for any teams.)
- Tournament entrance fees for all levels
- Gameday activities and giveaways
- Banquets and awards
- Off-season tournaments and programs
- Website

We have several fundraising events and areas to raise the necessary funds:

- Family Basketball Program Donation
- Fundraising event in E-team
- Mustang Madness
- YLHS Tournament
- Media Guide Ads and Corporate/Business banners
- Merchandise and Apparel
- Silent Auction
- Shoe Drive

We NEED your help! Our Boosters family needs volunteers in a variety of different roles to make this year a successful one for our sons. Many of these roles in and of themselves are not overly time-consuming or require a lengthy commitment. The more volunteers we have, the easier it will be to reach our goals. Please consider volunteering by signing up or by contacting Debbie Perry, Boosters President, at ylmensbasketball@gmail.com.

We are excited and looking forward to a fantastic 2022-23 basketball season!

Sincerely,

Debbie Perry, Boosters President
