March Clarion

Deadline for submitting articles for the March Clarion is Feb. 25. The issue will be published on March 5.

81 and 7

By Ákos Kovach

It was unlike any other day. The clouds parted wide, the sun shined but there was something new, a sense of fresh anticipation.

Early on Saturday morning, not much stirs on the streets of Clifton besides miner shift change until it was a 17-year-old girl who showed up early. She never had a job outside her home and wanted to find employment. Fortunately for her, six employers were on hand.

As big as this one life was positively affected, there were others. Like the statement of a young law enforcement professional who expressed she had always harbored a secret wish to start a business, and after hearing Sue Malone, our keynote speaker, she realized her dream could become a reality.

Elsewhere in this month's issue (starting on page

Learn, grow, change, repeat

By Ákos Kovach

In our continuing effort to bring worthwhile events, learning opportunities, motivational speakers with a real message as well hard facts to help build resumes, get help with business plans and network with the best possible professionals we bring you a year's worth of opportunity in several upcoming events.

As Benjamin Franklin famously wrote: "Tell me and I forget, teach me and I may remember, involve me and I learn." Among our goals this year we intend to provide opportunities for lots of people to get involved. Our theme, learn, grow, change, repeat – is more than a slogan, it is a proven process that can help change lives and strengthen our community.

As we learn more about ourselves and our community we engender the reality of growth. Growth on any level and in any setting brings about change. As long as we do not sit still or stand still we can make good things happen. "I learned the value of hard work by working hard." Margaret Mead and to that end follow us on FaceBook and our additional social media platforms. 2019 is "Our Year" – the Year of Growing Greenlee, the Year everyone will take notice and take action.

Women are told at Career Expo 'You can start your own business'

By Dee Porter

On Saturday January 26 Greenlee County Economic Development held Greenlee County's first Women's Career Expo. For a first time event attendance was strong with over 80 adults participating. Everyone from the exhibitors, the speakers and all attendees were entertained and informed by several dynamic speakers.

Greenlee County Supervisor David Gomez started off the festivities with opening remarks. Sue Malone, the owner of Strategies for Small Business, travelled from California to motivate and encourage us... "you CAN start your own business"!

Sue offers financial resources to help those ready to start a business.

Terry Dolan and Connie Dirks of Arizona Business and Professional Women came from Wickenburg and spoke of how changes over the years have made it possible for women to fulfill their career dreams and be successful.

They also offered advice on resume building and interview techniques. Throughout the day we also heard from local speakers, including Charmaine Chidester from the Small Business Development Center. Char-

Supervisor David Gomez welcomed more than 80 women to the first Women's Career Expo Jan. 26.

maine spoke about the resources SBDC offers and how they can help you with business plans and tools to get your business started.

Charmaine also spoke about the Dreambuilder program and

how this program helps establish a foundation for starting a business or growing your current business. Arizona@Work was represented by Bobbie Reed. Bobbie discussed the Arizona@

On the cover
Sue Malone, the owner of Strategies for Small Business, travelled from California to motivate and encourage attendees with: "you CAN start your own business!"

Numerous businesses and agencies showed many of the local opportunities for employment and careers.

Work list of programs and how they help job seekers find jobs without a financial obligation. Arizona@Work also helps employers find much needed employees.

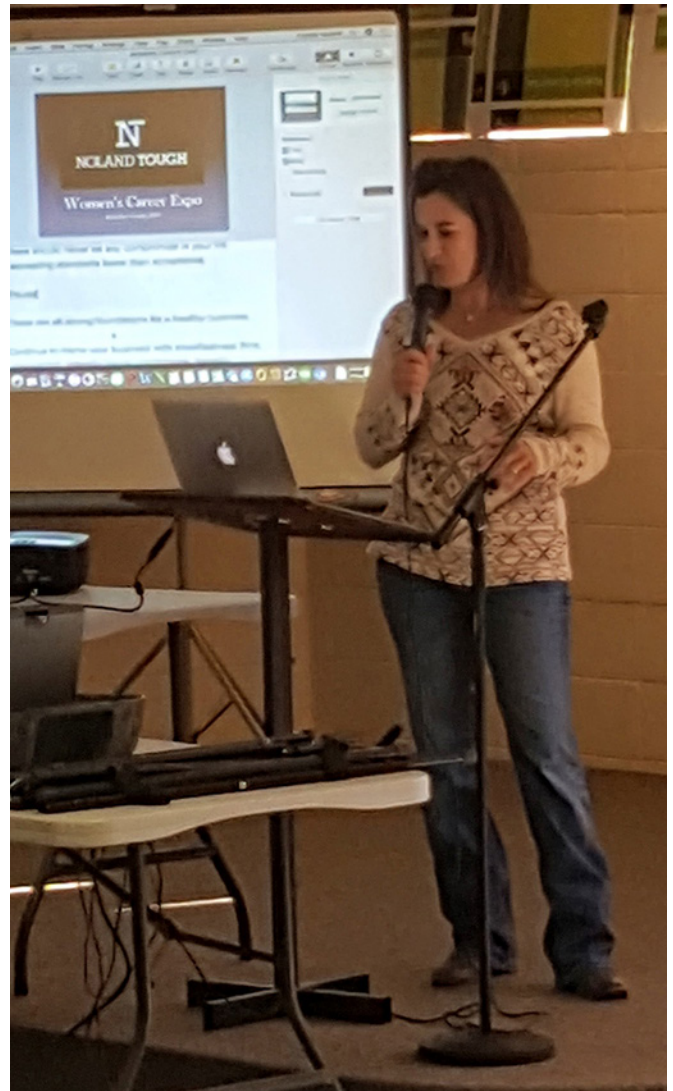

Crystal Noland, owner of Noland Tough Fence, gave a powerful presentation about how she was able to overcome a rough beginning and go onto being a successful business owner.

Crystal said that the biggest mistake people make is 'not making a move at all'. Crystal said that 'you cannot let fear of failure stop you from moving forward toward your dream'.

The audience also heard from Laura Dorrell and Rosalinda Guerrero of Gila Health Resources. Both ladies spoke about careers in Health Care. Laura also spoke about her role in the Clifton Town Council and how important it is to be involved in your community.

Next the audience was treated to a fun and festive fashion show presented by Brittani Wallace with her LuLaRoe clothing line. Brittani and several volunteer models entertained and fascinated with their quick changes and fun fashion statements. A special note of thanks to Mrs. Jo Lunt who provided lovely piano music as a mood background during a networking break. A delicious lunch was catered by Blue Door Sanctuary.

We had seventeen vendor booths with everything ranging from delicious baked goods from The Sweet Corner in Duncan to the Greenlee County Sheriff's Department recruiting for new employees. We had personnel from Basha's, Dollar General, U.S. Census Bureau, Southwest Irrigation and Freeport on site to talk to prospective employees.

Crystal Noland, owner of Noland Tough Fence, gave a powerful presentation about how she was able to overcome a rough beginning and go onto being a successful business owner.

The audience also heard from Laura Dorrell (R) and Rosalinda Guerrero of Gila Health Resources.

Brittini Greenwell from Arizona Department of Economic Security was on hand to talk about becoming a certified DES Childcare Provider as quality childcare is always needed in our area. Good Oil Days was on hand to sell DoTerra oils and accessories, Origami Owl jewelry had an information booth, and B Nail Envy showcased fashion nail covers. Our own Greenlee County Health Department was on hand with giveaways and information about the programs they offer.

Overall It was a successful, informative, and fun event. We appreciate everyone who attended and participated. The feedback has been very positive. We are already planning on how we can make the next Expo even better!

Consul General keynote speaker

Virginia L. Staab, Consul General for the U.S. Consulate in Nogales, Sonora, has confirmed as keynote speaker at the upcoming Growing Greenlee Summit 2019 on March 22.

Staab is a career diplomat with the U.S. State Department since 2003. She began her current posting in August 2017.

Prior to this assignment, she was the Director of International Narcotics and Law Enforcement Affairs in Guatemala.

She led the collaboration between the Government of the United States and the Government of Guatemala, community organizations and non-governmental organizations to improve the capacities of democratic institutions, anti-drug programs, anti-gang programs and youth support, as well as support for the justice sector reform.

Before joining the Foreign Service, she had a long career in the private sector as Marketing Direc-

tor for an international, corporate law firm based in San Francisco. Prior diplomatic assignments include Bogotá, London, Lisbon and Washington, D.C. She was born in San Francisco, is married and has two children.

The purpose of inviting the Consul General to Greenlee County is to bring together stake-

holders from border communities and others to highlight facts, opportunities and to share in a networking opportunity **to encourage ongoing trade and business relations.**

Other aspects of Growing Greenlee Summit III will be working with the various stakeholders involved in **residential and commercial construction** to create a local organization for working on that vital part of Greenlee County's development.

There also will be a room set aside for the ministers of the community to meet, with an eye toward creating a **Ministerial Alliance** for the region.

Details of the Summit, including the agenda, will be published in the March edition of Growing Greenlee, but be sure to set aside March 22 for the various activities of the day.

Follow the Growing Greenlee Facebook page for updates on the event.

How many of these people can you tag/identify? Go to our [Facebook page](#) and tag them.

A bit about ASAP

If you want to learn a bit more about ASAP, the Area Sector Analysis Process that we have discussed in recent months, go on over to our [YouTube page](#).

The notes also will link you to the complete PowerPoint Presentation on the Growing Greenlee website.

This presentation covers Module 3, which takes in socio-economic factors.

Alzheimer's support group

An Alzheimer's Support Group meets the second Thursday of the month at 2:30 p.m. at the senior center, 430 N. High Street, Duncan.

Support groups provide a forum to share feelings, concerns, information and as a way of supporting and encouraging each other.

For information or questions, call 520.322.6601.

Cheap produce

The Greenlee County Wellness Coalition presents Produce on Wheels With-Out Waste Program food distribution at east side of the new warehouse of the Morenci Ace Hardware.

It will be held March 2 from 10 a.m. to noon.

For a \$12 donation, a family can get about 70 pounds of fruits and vegetables. This is a rescue program, where families can get nutritious foods at low cost. At the same time, it helps curb food waste.

Registration is needed to get enough families signed up to make the program possible. Call Jody at 814.389.2129 or Vanessa at 602.669.8874.

Duncan Head Start

A Duncan Head Start parent meeting will be held Feb. 6 at noon.

Presenter is Lawrence (Edd) Schommer, statewide resource and community engagement coordinator.

The topic will be special education and what resources are available.

This is open to the community.

2019 12 Step meetings

The Greenlee County Wellness Coalition said that Wellness Group 12 Step meetings in 2019 will be held Monday-Thursday, from 5:30-6:30 p.m.

They will be upstairs in the employees meeting room at Basha's, 172 Plaza Drive, Morenci.

For further information, call 863.521.3199.

Domestic violence help

Mt. Graham Safe House is offering "mobile advocacy" to help stop domestic violence.

"If you can't come to us," the group says, "we'll come to you." An advocate can meet an individual in a safe place where that person will feel comfortable.

Anyone who needs someone to talk to, transportation to court or to pick up court paperwork, or safety planning, should contact the organization, Monday-Friday until 4 p.m.

The number is 928.348.9140.

60 new corrals at Morenci

Employees of Freeport-McMoRan who live in the Morenci/Clifton areas are excited that the newly built corrals are ready to be utilized.

Those who have horses have been anxiously awaiting the new facilities. There are about 60 spaces available with shade, storage, water, and electricity.

Tumbleweed Feed is now open and located conveniently to the corrals.

This should make it convenient for those who have animals in the corrals. It will also benefit anyone else who may be in need of feed or tack.

More pens coming

The next phase of the project will be the addition of smaller animal pens, for pigs, sheep, etc. The smaller pens will give local children an opportunity to raise 4-H animals. This should prove to be an exciting time of growth for the 4-H program.

Amber Sumner, Program Coordinator for 4-H, with the University of Arizona Cooperative Extension, said they are excited that Freeport-McMoRan made it possible for the 4H program to grow in the Morenci/Clifton area.

Great for 4-H

4-H participation has been limited due to restrictions on animals in Freeport Housing. Amber said that she and those involved in the 4-H program are very grateful to FMI for creating the pens.

They look forward to increased opportunities and greater participation in the program. <https://extension.arizona.edu/4h/greenlee>

81 and 7

continued from page 2

3), please read the recap penned by Dee Porter. It tells a compelling saga of who was there and how well they all interacted.

One of the biggest “takeaways” was the feedback and suggestions for the next Women’s Expo. Ideas such as “give the audience more about how to juggle job and home;” have a self-defense class; a meal-prep demonstration suitable for last-minute meals on the go; and lots more about women’s empowerment.

We are listening — listening and taking action on these and other suggestions for the next Women’s Expo, coming this Fall. We hope to see the 81 adults and

their 7 children come back, enjoy more, learn and bring someone with them.

The Women’s Expo was a kaleidoscope of dreams, wishes and plans that came together thanks to many good people — the vendors who were treated like guests, those there to sell but found themselves caught up in the momentum and emotion of it all.

The meal was prepared and catered by Blue Door Sanctuary — those chicken croissants got a lot of high fives. The Sweet Corner Cinnamon Rolls, Mexican holiday cookies and banana breads were a-maz-ing!

We look forward to the next Women’s Expo, coming this Fall.

New jail commander

Sheriff Tim Sumner introduced the new Jail Commander, Tyler Attaway, to the Board of Supervisors at its Feb. 5 meeting.

Commander Attaway was previously an Administrative Lieutenant in the Graham County Adult Detention Facility. He began as a control room operator in 2008 and worked his way up the ranks. He was instrumental in the design process and all that went into the two year process of the new facility opening. Both of his parents are from Greenlee County.

He told the Board his goals would be to revamping the policy and procedures, which he hopes to

complete within six months. He will use a committee of Sheriff's Office personnel to assist with the process. Other goals are listed as facility improvements, bringing the jail up to National Jail Standards, improving the public image, and working to improve staff morale.

Seth Hudman and Eric Arrington of Red Hammer LLC discussed the new Greenlee County website, which is being designed, at the Feb. 5 meeting of the Board of Supervisors. The new website is scheduled to go live by the end of February. The goals of the new website design involve enhanced security, accessibility, ease of navigation, and simplicity related to updating and maintaining the page. Once the new website is live it will be easier to keep information current and relevant. We will also be changing our domain name from co.greenlee.az.us to greenlee.az.gov once the improvements are completed.

The Most Powerful Solutions to Eliminating Chronic Disruptive Behavior in Your K-12 Classroom

March 15, 2019

Phoenix/Tempe, Arizona

9:00 - 3:00

Hilton Garden Inn Phoenix Tempe ASU Area
2102 E Rio Salado Pkwy
Tempe, AZ 85281

CEUs Provided

★★★ **Rated by teachers as one of the best behavior trainings!** ★★★

What if knowing the most powerful strategies that prevent and eliminate chronic disruptive behavior were not only easy to implement, but also boosted student outcomes, improved your teaching competence, and revived your love for teaching? Through live simulation training, see these effective (yet teacher friendly) techniques demonstrated firsthand by presenter Kevin Dill, Ed.S. This training goes beyond the basics, like PBIS, focusing on strategies for the chronically disruptive: angry, defiant, explosive, oppositional, aggressive, controlling, arrogant, noisy, and obnoxious students. Hours toward continuing education are provided.

FCX adds significant copper reserves

Freeport McMoRan Inc. added significantly to its copper reserves last year, with most of that coming at its North American mines, the company report Jan. 24.

Preliminary estimated consolidated recoverable proven and probable reserves at Dec. 31, 2018, totaled 119.6 billion pounds of copper, 30.8 million ounces of gold and 3.78 billion pounds of molybdenum, which includes net additions of 23.7 billion pounds of copper, primarily in North America and South America, and 13.0 billion pounds of copper and 10.1 million ounces of gold related to PT-FI's acquisition of the Joint Venture interest, the company said.

FCX said its North America copper reserves at year-end had increased 49% year-over-year, from 33.5 billion pounds to 49.9 billion pounds, taking in to account 1.4 billion pounds of production during the year.

The increase was principally at Bagdad, Morenci, Sierrita and Lone Star, FCX reported.

The company also noted that in addition to the preliminary estimated consolidated recoverable proven and probable reserves, FCX's preliminary estimated mineralized material at Dec. 31, 2018, which was assessed using \$3.00 per pound for copper, totaled 134 billion pounds of incremental contained copper.
