1930

Sports at Foreman Junior High School in 1930 were confined to intramural games, room against room, not against other schools.

THE FOREMANIAN

The athletic activities of the boys have consisted mainly of baseball and basketball besides the regular exercises and games of gymnasium classes. Some of the minor athletics are boxing, which is done only in the Boxing Club, and football which can hardly be connected with Foreman because it has only been done by rooms who have made up teams independent of the school.

The following activities form the sport life of Foreman boys:

BASEBALL

In our first interroom competition 228 won the 9B championship from 128 in a very interesting game. Three hundred fourteen and 326 won for the 8A's and 8B's, and 313 won for the seventh graders. All in all it was loads of fun for the boys and we hope for many more years of such interroom competition, made possible by Mr. Lieberson and Mr. Hall.

BASKETBALL

Gradually we Formanites are progressing in this interesting game called basketball. What used to be a wild scramble is now a fairly organized game, due to the splendid teachings of Mr. Lieberson with the Leaders' Club. Mr. Lieberson has picked out the most promising players and is working with them for the main school team. On November 26, 1929 the school team played against the Faculty Team. The Faculty Team was composed of Mr. Utzig, Mr. Lieberson, Mr. Verhines, Mr. Sollo and Mr. Angelmire. The School Team was composed of four teams and all of them played. The first team was made up of Art Schuessler, William Wendt, Pete Wysynsky, Howard Bagge and Raymond Evert and Chester Stalovitz. The rest of the team was made up of Eugene Hermeke, Angelo Rainieri and other very promising players. From these players Mr. Lieberson picked out the most promising players and made the main school team.

LEADERS CLUB

The Leaders Club is an organization to develop character and leadership. The Leaders have been receiving excellent training from Mr. Leiberson and Mr. Hall. The ring work and tumbling are given by Mr. Hall (who seems to be quite a trapeze artist himself). Mr. Lieberson gives the leaders plenty of good basketball training.

SWIMMING

How we love to splash in our spacious pool and take a dive or a flop! Those who can not swim are not permitted just to splash, but they must try to swim. Boys who can swim the width of the pool once, are considered a little above those who cannot swim. The boys who can swim the width of the tank six times are considered good swimmers. Some of the good swimmers have managed to get into the Swimming Club and learn and practice life saving.

THE FOREMANIAN

The Physical Education Department of Foreman offers many opportunities to those girls who are interested in athletics. Our girls are fortunate in having a number of athletic clubs from which they may choose:

THE GIRLS' ATHLETIC CLUB

The Girls' Athletic Club, under the supervision of Miss Lynch, finds great interest in team work. Some of the games which the girls have, and expect to find fun in, are baseball, captain ball, volley ball and nine court basket ball. In the preceding term the girls have found great interest in pyramid building.

GIRLS' LEADERS CLUB

The Girls' Leaders Club, sponsored by Miss Charney, was formed with the idea of training girls to be Leaders. They are taught how to give commands correctly, to umpire games and how to assist with apparatus work. Each girl is given an opportunity to take charge of gym classes. It is hoped that this club will develop "Leaders" of whom Foreman will be very proud.

GIRLS' ATHLETIC ASSOCIATION

Two girl captains from each room met with Miss Lynch and Miss Charney on October second for the purpose of organizing the Girls' Athletic Association. An award will be given to each girl in the Association who qualifies for it. Miss Lynch is on the Board of Control and was a member of the Athletic Committee that chose the letter and pins of the organization. The girls at Foreman may feel that they were and will be well represented at the meetings of the board. In October the first election of the G. A. A. was held. The officers elected were: Leseley Jones, president; Elizabeth Duffy, vice-president; Alverne Hogan, treasurer; and Winifred Ellertson, secretary. The council is formed now by the officers and a representative from each room. We meet once a month and enjoy it greatly.

GIRLS' LIFE SAVING CLUB

The Girls' Life Saving Club, sponsored by Miss Charney, was founded with the idea of teaching the girls to be Junior Life Guards. They have learned the different approaches and carries and expect to receive their Life Saving Emblems before graduation. Last semester the girls put on two interesting exhibitions, one for Dads' Night and the other for the Dedication Program. Their model was, "Every girl a swimmer, every swimmer a life Saver."

The following ten girls have been chosen as some of the best Athletes of the Foreman Junior High School:

Lesley Jones, 125, President of the G. A. A., an excellent swimmer, excellent records in efficiency tests, an all around athlete; Alice Hanf, 314, excellent records in efficiency tests, an all around athlete; Eleanor Young, 125, excellent swimmer, excellent records in efficiency test, all around athlete; Ethelyn Ferguson, 125, good swimmer, excellent records in efficiency tests, excellent in pyramid building, an all around athlete; Mildred Heinz, 303, good swimmer, excellent

Boys Bowling

The 1974-75 bowling team, under the direction of Mr. Raymond Zawadzki, placed second in the North Section, which put them into the city playoffs. The Hornets kept the alleys buzzing against seven teams in their section. The roster includes sophomores Dan Lewandowski, Dave Novak, Steve Paul, Henry Torchalski, and Sol Valentini; Juniors Les Johnson, Mike Kurzer, and Warren Wrona; and Seniors Sam Pizzo and team captain Bruce Wasik.
